PROGRESS ON ANNOUNCED STRATEGIC ACTIONS AND UPDATE ON FUTURE DIRECTION Progress on announced strategic actions

Further to the announcements dated 18 December 2006 and 25 January 2007 regarding inter alia the proposed unbundling of Pretoria Portland Cement Company Limited ("PPC"), shareholders are advised that Barloworld is in an advanced stage of preparing for the PPC unbundling, including preparation of the PPC unbundling circular, which is expected to be posted at the beginning of May 2007.

It is anticipated that the general meeting of shareholders to consider the PPC unbundling will be held around the end of May 2007. It is further anticipated that the PPC unbundling transaction, which is conditional upon shareholder approval at the general meeting, will be completed by the end of June 2007, subject to all regulatory requirements being satisfied. An independent non-executive director, Mr Trevor Munday, has been appointed as chairman of a subcommittee to manage the Coatings unbundling. This process is targeted to be concluded by the end of the calendar year. The process to finalise the details of the group's broad based Black Economic Empowerment (BEE) transaction is on track and will be implemented as soon as practicable after the PPC unbundling.

An advanced stage has been reached in the negotiations relating to the sale of Melles Griot. It is anticipated that these negotiations will be concluded shortly.

Advisors have been appointed to assist in the disposal of the Laboratory division and this process is now underway, with a targeted completion date by the end of the calendar year.

The process to sell the Freightliner business has commenced and we are at an advanced stage in the disposal of the DitchWitch and Vacuum Technology businesses.

The critical re-evaluation of the materials handling operations is underway and a decision on the eventual scale and composition of this business will be made by the end of the financial year.

A number of steps are also being taken to further enhance shareholder returns including downsizing the corporate office, implementing stricter capital allocation processes and improving the performance of the remaining businesses.

Update on future direction

At the Annual General Meeting held on 25 January 2007, it was announced that Barloworld Limited will be repositioned and profiled as a focussed distribution company with an offering that includes integrated product support, rental and logistics solutions.

As indicated at the Annual General Meeting, the Barloworld board has conducted an assessment of the impact of unbundling the Motor division. The board has concluded that it is in the best long term interests of shareholders and the company for the Motor division to remain as an integral part of the Barloworld group.

A number of strategic and financial factors were considered in this evaluation. These included the ability of the Motor division to leverage off Barloworld's strong service and relationship reputation as well as the group's complementary skills and systems competencies. Retaining the Motor division also presents the Barloworld group with greater growth

opportunities that fit the new strategic focus.

As part of its assessment process the board deliberated the strategic focus and structure of the future Barloworld group. The following defining characteristics and competencies were identified:

- \*Provision of flexible, value adding, integrated customer solutions in the areas of:
- Earthmoving and power systems (Equipment)
- Vehicle usage (Motor)
- Materials handling (Handling)
- Logistics management and supply chain optimisation (Logistics)
- \*Representation of leading global brands supported by the Barloworld service offering
- \*Effective management of long term relationships with global principals and customers
- \*Ability to develop and grow businesses in multiple geographies including challenging territories with high growth prospects
- \*Ability to leverage core competencies, systems and best practices across chosen business segments
- \*Commitment to lead in empowerment and transformation.

The Barloworld group will comprise businesses that fit the above strategic profile, meet strict performance criteria, and demonstrate good growth potential.

On behalf of the Board

## March 2007 Interim Results - Final

Barloworld Limited (Registration number 1918/000095/06)

JSE codes: BAW and BAWP

ISIN codes: ZAE000026639 and ZAE000026647

Reviewed interim results for the six months ended 31 March 2007

## New strategic focus positions Barloworld for the future

- Revenues up 30% to R24 324 million
- Operating profit increases 25% to R2 157 million
- Headline earnings per share up 14% to 467 cents
- Headline earnings per share (excluding STC on special dividend) up 30%
- Proposed interim distribution up 17% to 175 cents per share
- Special dividend of R5 per share paid on 2 April 2007
- Announced strategic actions proceeding according to plan

Clive Thomson, CEO of Barloworld, said:

"We have embarked on a new course for Barloworld. With the group's future focus as a leading global distribution business, we are in a strong position to capitalise on favourable trading conditions in each of our chosen business segments. We have exciting growth opportunities within our Caterpillar equipment businesses, face a growing market in our southern African Avis car rental operations, and have a number of expansion possibilities within our Logistics division. Our motor retail businesses are performing well and we look forward to ongoing improvements from streamlining our Hyster materials handling division following the impending disposal of the Freightliner operations. The outlook for the refocused group is very positive and we expect continued growth in all these businesses for the full year."

"A number of steps have been taken to unlock shareholder value including the disposal of underperforming businesses. In this regard, we are pleased to report good progress on the strategic actions announced at our annual general meeting on 25 January 2007."

## **Chairman and Chief Executive's Report**

## Future direction of the group

At the annual general meeting held on 25 January 2007, it was announced that Barloworld Limited will be repositioned and profiled as a focused distribution company with an offering that includes integrated product support as well as rental and logistics solutions. The group will comprise businesses that fit the above strategic profile, meet strict performance criteria, and demonstrate good growth potential.

The board conducted an assessment of the impact of unbundling the Motor division and concluded that it is in the best long-term interests of shareholders and the company for the division to remain as an integral part of the Barloworld group.

Following the implementation of the announced unbundlings and disposals referred to below, the Barloworld group will comprise of the following core divisions:

- Equipment (earthmoving and power systems)
- Motor (car rental, fleet services and motor retail)
- Materials Handling (forklift truck distribution and fleet management)
- Logistics (logistics management and supply chain optimisation).

## Progress on announced strategic actions

#### 1. Unbundlings to unlock shareholder value

We announced on 27 March 2007 that Barloworld is at an advanced stage of preparing for the Pretoria Portland Cement Company Limited (PPC) unbundling. The PPC unbundling circular has been finalised and will be posted on Thursday 17 May 2007. A general meeting of shareholders to consider the PPC unbundling will be held on 8 June 2007. It is further anticipated that the PPC unbundling transaction, which is conditional upon shareholder approval at the general meeting, will be implemented on 16 July 2007, subject to all regulatory requirements being satisfied.

An independent non-executive director, Trevor Munday, has been appointed as chairman of a board subcommittee to manage the Coatings division unbundling. This process is targeted to be concluded before the end of the calendar year.

#### 2. Disposal of businesses

Within the Scientific division, the sale of Melles Griot has recently been concluded for a consideration above tangible net asset value. The transaction remains subject to certain conditions precedent and is expected to close by end June 2007. Advisors have been appointed to assist in the disposal of the laboratory business and numerous indicative bids have been received. The targeted completion date remains the end of the calendar year.

Within the Industrial Distribution division, we have sold DitchWitch of Georgia effective 27 April 2007. The process to sell the Freightliner operations has commenced and we have made good progress in the disposal of the Vacuum Technology business. In the Equipment division, a decision has also been taken to exit the Finaltair biomass energy joint venture in Spain.

Where applicable, impairment provisions have been made to write down goodwill or assets to their estimated recoverable amounts.

The sale of the Steel Tube division to a management and BEE consortium was finalised in November 2006 as was the sale of the major part of our UK leasing book.

#### 3. BEE and transformation

The process to finalise the details of the group's broad based Black Economic Empowerment (BEE) transaction is on track. Separate transactions are being planned for PPC and the Coatings division and the Barloworld transaction will therefore be implemented shortly after these companies have been unbundled.

## Strong trading performance for half year

Revenue growth of 30% has been positively impacted by favourable trading conditions in most of the businesses to be retained in the Barloworld group.

Operating profit from continuing operations is up 25% driven by strong growth in the southern African equipment business and a pleasing result in Spain. The Motor division also performed very well with significant contributions from Avis Rent a Car South Africa and a strong turnaround in Motor Retail Australia. We have seen continued improvements in our handling business in the UK and our Logistics division is beginning to make a meaningful contribution to group profits.

Growth in profits from divisions that will be unbundled - Cement and Coatings - were also good. The Scientific division has performed ahead of the previous period despite weak market conditions, due mainly to fixed cost savings. This division has been disclosed as discontinued due to the impending sales of Melles Griot and the laboratory business.

A significant downsizing of the corporate offices is underway. Redundancy costs amounting to R60 million have been provided against operating profit at the half year. Estimated annualised savings from these initiatives amount to approximately R80 million.

Headline earnings per share (HEPS) increased by 14% to 467 cents per share. This was negatively impacted by the R125 million secondary taxation on companies (STC) charge provided on the R5 per share special dividend paid on 2 April 2007. Adjusting for this STC charge, HEPS increased by 30%.

It is the intention of the board to declare an interim distribution of 175 cents per share (17% up on the prior period) on 8 June 2007. Details of the last day to trade and the payment date will be published on that date.

#### Directorate

Clive Thomson was appointed as Chief Executive Officer (CEO) of Barloworld Limited effective from 18 December 2006.

Dumisa Ntsebeza was appointed interim Chairman on 25 January 2007 following Warren Clewlow reaching the mandatory retirement age. The search committee that was tasked to appoint a permanent Chairman is making good progress, and an announcement in this regard will be made shortly.

Isaac Shongwe was appointed as an executive director and CEO of Barloworld Logistics Africa, while Hixonia Nyasulu, Gordon Hamilton, and Trevor Munday were appointed as non-executive directors effective 26 January 2007.

Warren Clewlow, Tony Phillips, Mike Coward and Lester Day retired from the board. We would like to thank them for their valuable contribution to the company over many years.

In other executive management moves, John Blackbeard will take over as CEO of the Industrial Distribution division on 1 October 2007 when Brandon Diamond returns to South Africa following the completion of his term.

#### Outlook

In southern Africa, growth in the construction and mining sectors is expected to result in a further increase in activity in the Equipment division. We have entered into a joint venture in the mineral-rich Katanga province of the Democratic Republic of Congo, which will provide us with further growth potential in the southern African region. In the Motor division, increased interest rates are impacting the sales of passenger vehicles, although sales of commercial vehicles are continuing strongly. We expect sustained growth in the car rental business. In the fleet services business, we are delivering vehicles into new fleet contracts and are in a good position to further grow our fleet under management. Growth in the Logistics division is expected to continue at a rapid pace.

In Iberia, we are seeing good demand for equipment in Spain and expect conditions to remain stable for the short to medium term. Conditions in Portugal, however, are expected to remain weak in the short term.

Our handling business in Europe is benefiting from the streamlining of its operating structure. In the US, the materials handling business is expected to continue performing well, although slowing economic conditions are evident through lower deliveries and a reduced customer order book.

In Australia, we expect further benefit from the investments in our motor retail facilities and the strategic repositioning of our represented brands.

In businesses that will be unbundled, cement sales continue to grow strongly while the coatings business in southern Africa is benefiting from strong demand and the contribution from recently acquired businesses. These companies will have a good future, independent of Barloworld.

As a result of the implementation of many of the strategic actions announced, including the PPC unbundling, business disposals and corporate restructuring, as well as some once-off favourable profit impacts in the second half of last year, the results for the full year will not be directly comparable with the prior year. However, we expect the underlying operating performance to show good progress on 2006.

DB Ntsebeza Chairman **CB Thomson Chief Executive Officer** 

## **Group Financial Review**

Strong growth in all our major businesses resulted in revenue from continuing operations increasing by 30% to R24 324 million.

Operating profit rose by 25% to R2 157 million, driven by the strong revenue growth. Included in operating profit are redundancy and restructuring charges of R60 million associated with the re-organisation of the corporate offices. Operating profit margin fell slightly from 9.3% to 8.9%.

Headline earnings per share of 467 cents (1H'06: 408 cents) is 14% higher than last year but was adversely impacted by the additional secondary tax on companies (STC) of 62 cents per share relating to the special dividend of R5 per share paid on 2 April 2007.

The charge for fair value adjustments on financial instruments reduced to R12 million (1H'06: R69 million) mainly due to the decision in June 2006 to implement hedge accounting for Caterpillar machine purchases and in November 2006 for Caterpillar spare parts in the southern African equipment business. The effect of these decisions is that a net amount of R6 million before tax is now deferred in equity.

Net finance costs increased by R80 million to R241 million mainly due to higher borrowings resulting from the increased trading activity and higher interest rates. The increase in the second half of last year was R76 million.

The exceptional loss of R190 million includes the pre-tax impairments of the investment in Finaltair and goodwill relating to the Freightliner dealerships in the USA.

The taxation charge (before STC) of R521 million rose by 20%. The effective tax rate excluding STC, prior year taxation and taxation on exceptional items increased to 31.1% (1H'06: 29.0%).

The substantial increase in the STC charge to R276 million (1H'06: R116 million) is mainly due to STC of R125 million provided on the special dividend of R1 billion paid on 2 April 2007.

In terms of accounting standards the results of the Cement and Coatings divisions are included in continuing operations until the date of unbundling. Once the unbundlings have been implemented, the results will be reported as discontinued operations for the period up to the unbundling date and for the full comparative reporting period.

The profit from discontinued operations of R28 million (1H'06: R90 million loss) comprises the results of the Steel Tube division (two months up to date of disposal) and the Scientific division (six months).

The Steel Tube division was sold with effect from 30 November 2006. The Scientific division has been accounted for as a discontinued operation following the decision earlier this year to dispose of its businesses.

Cash generated from operations decreased by R85 million to R1 828 million mainly due to an increase of R1 441 million in net working capital due to higher levels of activity. This is, in part, a timing issue with strong deliveries anticipated in the second half of the financial year. Net cash generated from investing activities of R296 million includes additions to property, plant and equipment and intangibles of R772 million; a further net investment of R778 million in rental assets and hire vehicles; and proceeds of R1 973 million from the disposal of subsidiaries, investments, plant and equipment and the sale of the UK handling leasing assets.

The group's balance sheet remains strong with total assets employed in the business declining by 5% in the past six months to R33 711 million. The reduction is mainly due to the disposal of the UK leasing book and the Steel Tube division.

Assets classified as held for sale of R 3 336 million comprise mainly the Scientific division (R1 745 million) and Freightliner, DitchWitch and Vacuum Technologies within the Industrial Distribution division (R982 million).

Total interest-bearing borrowings of R9 728 million (September 2006: R9 884 million) represent a group debt to equity ratio of 76% (September 2006: 73%), while the debt to equity ratio for the Trading businesses is 42% (September 2006: 32%).

Capital commitments of R3 002 million include the approved expansion within our Cement division estimated at R1 656 million.

DG Wilson Finance Director

#### Operational reviews

In the case of the leasing businesses, the operating profit is net of interest paid. Income from associates, which includes our share of earnings from joint ventures, is shown at the profit after taxation level.

Net operating assets comprise total assets less non-interest bearing liabilities. Cash is excluded as well as current and deferred taxation assets and liabilities. In the case of the leasing businesses, net assets are reduced by interest-bearing liabilities.

Comparative numbers have been restated as per note 19.

The business in this division arises mainly from our enduring partnership of 80 years with Caterpillar Inc. as their dealer in 16 countries.

Activity levels in Iberia were well up on the prior period, as construction demand in Spain remained at a high level and our public works machine sales were strong. We have not yet seen any impact from the reported cooling down in the Spanish residential market. Conditions in Portugal, however, continue to be weak. Overall operating margins fell slightly due to a higher mix of new equipment sales relative to product support revenues.

The southern African business continues to see accelerated demand for capital equipment. The construction industry is starting work on major public works and we have seen rising demand from this sector. The mining industry is investing in new capacity with significant new orders placed for Caterpillar equipment. During the period under review we have entered into a joint venture in the mineral-rich Katanga province of the Democratic Republic of Congo, which will provide us with further growth potential in the southern African region.

Associate income includes the results from the Siberian joint venture business as well as Energyst and Finaltair. Activity levels in Siberia in the mining and resource sectors remain high, and we are continuing to grow both our earthmoving and power systems businesses.

All territories recorded high levels of order intake which is a positive sign for equipment deliveries over the next 12 months. At March 2007 there are firm customer orders of R6.5 billion (September 2006: R4.8 billion). The order book placed on Caterpillar is US\$978 million (September 2006: US\$906 million).

Longer lead times and availability of certain product lines remains a challenge, but we are working closely with Caterpillar to meet our customers requirements.

In Europe, restructuring benefits have positively affected profitability and the business is well on its way to recovery. The order book has shown healthy growth in the UK.

While the US handling business continues to perform well, trading conditions in the US are slowing which is evident in a reduced order book. The Truck Center benefited from the pre-buying generated by the new emission regulations that came into force at the beginning of 2007 although, as expected, orders have now dropped off sharply. Lower overall freight activity in the US is evident as well.

The leasing business continues to be wound down after the sale of the US book last year and the majority of the UK lease book during the period under review. The UK Ministry of Defence (MOD) leasing and fleet management contract will continue.

The sale of the Freightliner and Vacuum Technology businesses are proceeding well and the DitchWitch business was sold at the end of April 2007. These businesses constitute R695 million of the trading businesses net operating assets.

<sup>\*</sup>Net operating assets after deducting interest-bearing borrowings

Our integrated motor vehicle usage solutions strategy has driven our overall operating margin to 4.6% (1H'06: 3.9%). Avis Rent a Car Southern Africa delivered a good performance as a result of our focus on yield management and improving efficiencies, together with strong growth in car rental demand. The Scandinavian car rental business posted a small profit, in line with the seasonal earnings pattern where substantially all of the profits are earned during the European summer. This business is expected to benefit from our ongoing profitability initiatives and the increased business activity in the next six months.

The southern African motor retail operations performed well, despite higher interest rates impacting passenger vehicle sales. Commercial vehicle sales remain strong. The Subaru import and distribution business was negatively impacted by the weaker Rand compared to the prior period. The Australian result benefited from the investments in our dealer facilities and the strategic repositioning of our represented brands.

As a consequence of new contracts secured, our fleet services operation experienced strong growth in vehicles under management, which will positively benefit profitability into the future.

Associate income includes our DaimlerChrysler and Phavisworld BEE joint ventures but now excludes Auric Auto, which was disposed of during the period.

The South African domestic cement market grew by over 12% compared with the same period last year. Increased investment in public-sector infrastructure is materialising rapidly and is likely to offset any slowdown in the rate of growth in the residential building sector following the continued rise in interest rates.

Operating margins decreased slightly due to the importation and sale of almost 200 000 tons of bagged Surebuild cement at little or no margin, significant increases in diesel and coal energy costs, the higher cost of operating older less efficient plants and the inability to fully optimise distribution logistics and factory sourcing at periods of very high demand.

The 1,25 million ton Batsweledi (Dwaalboom new kiln) project is progressing according to plan and within budget. Orders for the Hercules Pretoria cement mill upgrade and expansion project have been placed, and the project is expected to be commissioned in the middle of calendar year 2009.

Lime volumes and margins improved following the recovery in the world steel markets leading to higher profitability compared to the prior period.

PPC will be unbundled from Barloworld on 16 July 2007.

The coatings business in southern Africa experienced good growth. The integration of the recent acquisitions has been successful and these are contributing well to the result. In Australia, improved average selling prices and the reduced cost base resulted in an improved performance.

A 15% empowerment transaction with Izingwe in respect of Prostart Investments, part of the automotive refinish business, was concluded at the end of the period.

The division will be unbundled from Barloworld with the targeted completion before the end of the calendar year 2007.

The logistics businesses in South Africa and Spain have been consolidated under a single executive management team and growth prospects remain good.

The logistics business in Africa has shown strong organic growth during the period under review. A significant entry was made into the FMCG logistics

market with the conclusion of a long term contract with a large FMCG distributor/manufacturer. The results further reflect the benefit of the BEE transaction concluded eighteen months ago with significant contributions to revenue and operating profit from South African parastatals.

In Europe, the Iberian logistics business continues to perform well. We have been investing in expanding the logistics offering in the region.

### I. BASIS OF PREPARATION

The condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard (IAS) 34 Interim Financial Reporting. The accounting policies and methods of computation used are consistent with those used for the group's 2006 annual financial statements (which were prepared in accordance with International Financial Reporting Standards) except for the adoption of IFRIC Interpretation 4 Determining Whether an Arrangement Contains a Lease, the impact of which was not significant.

Comparative numbers have been restated as per note 19.

#### 16. PORTLAND HOLDINGS LIMITED (PORTHOLD)

The results of Porthold, a wholly owned Zimbabwean subsidiary have in terms of the exclusions contained in the revised IAS 27 Consolidated and Separate Financial Statements, not been consolidated into the group results as at 31 March 2007.

Significant constraints impacting on the normal operation of Porthold, has resulted in the board concluding that management does not have the ability to exercise effective control over the business and as a result, the results of Porthold have continued to be excluded from the group results in the current period. Severe restrictions are placed on our ability to access foreign currency and remit funds and as a result the investment continues to be accounted for on a fair value investment basis with dividends only being recognised to the extent they are received.

### 17. RELATED PARTY TRANSACTIONS

There has been no significant change in related party relationships since the previous year.

Other than in the normal course of business, there has been no significant transactions during the six months with associate companies, joint ventures and other related parties.

#### 18. SUBSEQUENT EVENTS

A sale agreement for the disposal of the Melles Griot business has been concluded subsequent to 31 March 2007. The business will be sold for a premium over tangible net asset value. Completion of the deal is subject to certain suspensive conditions.

The sale of the DitchWitch of Georgia business has been concluded and paid for subsequent to 31 March 2007. The sale price includes a premium over tangible net asset value.

These transactions are not expected to have a significant impact on current year earnings or net asset value.

### 19. COMPARATIVE INFORMATION

Comparative information has been restated for the treatment of the Scientific segment as a discontinued operation, for the effects of the change in accounting policy in terms of IAS 19 Employee Benefits and the requirements of the South African Institute of Chartered Accountants Circular 9/2006 Transactions giving rise to adjustment to Revenue/Purchases.

BARLOWORLD ENTERS INTO JOINT VENTURE IN KATANGA PROVINCE, DEMOCRATIC REPUBLIC OF

Barloworld Limited has entered into, through its Barloworld Equipment division, a 50:50 joint venture transaction with its Caterpillar dealer counterpart in the Democratic Republic of Congo (DRC), Tractafric Equipment. The joint venture, known as Congo Equipment, will service the earthmoving equipment needs of DRC's copper and cobalt rich Katanga Province.

Congo Equipment has been formed on the basis of an agreement between Caterpillar and the two dealers to provide equipment solutions to customers in the Katanga Province. It relies on Barloworld Equipment's expertise in the southern African mining industry and its strong presence in the adjacent Zambian Copperbelt, from which access to Katanga's mining territories is relatively easy.

Barloworld Equipment is the Caterpillar dealer for South Africa and neighbouring countries, Namibia, Botswana, Angola, Zambia, Zimbabwe, Malawi and Mozambique. Tractafric Equipment holds the Caterpillar dealership for the DRC and several other French speaking countries in Africa, namely Gabon, Morocco, Chad, Cameroon, Congo (Brazzaville), Central African Republic, Equatorial Guinea, Rwanda and Burundi.

Congo Equipment combines Tractafric's presence in and knowledge of the DRC with Barloworld Equipment's experience and expertise in partnering with customers across the sub-continent to provide Katanga's mining, construction and allied industries with the equipment and support necessary.

Barloworld Equipment and Tractafric Equipment are currently setting up an administrative centre for the joint venture in Lubumbashi, with a full facility including parts store and workshops to be located in the main copper mining area of Kolwezi.

Clive Thomson, CEO of Barloworld Ltd, said "This partnership provides us with further growth potential in the southern African region. Both partners have excellent experience in tackling tough African conditions, and together we will provide a superior service and product to the growing mining and allied services industry in Katanga as activity picks up in the province." Barloworld Coatings announces BEE transaction

Barloworld Coatings today announced that it has concluded a Black Economic Empowerment (BEE) deal with empowerment consortium Izingwe. The deal, which will see Izingwe acquire a 15% stake in the automotive re-finish distribution business of Barloworld Coatings, is effective end of March 2007.

Commenting on the transaction, Barloworld Coatings CEO Andre Lamprecht said: "Discussions between ourselves and Izingwe Chairman Sipho Pityana commenced last year and we are delighted that the transaction has been finalised. We expect the Izingwe team, who have not sought vendor finance for the transaction, to play an important role in the development of our market leading automotive re-finish business." Sipho Pityana commented "We are pleased with the transaction in a sector with good growth prospects and look forward to working with Andre and the Coatings team."

Barloworld Coatings acquired its interest in the automotive re-finish business, Prostart Investments, in 2006 and announced at the time of the acquisition that a BEE transaction would be completed with respect to the business.

For information contact Rowan Goeller or Andre Lamprecht on (011) 445-1300 and (011) 301-4645 respectively.

Clive Thomson, CEO of Barloworld, said:

"We have embarked on a new course for Barloworld. With the group's future focus as a leading global distribution business, we are in a strong position to capitalise on favourable trading conditions in each of our chosen business segment. We have exciting growth opportunities within our Caterpillar equipment businesses, face a growing market in our southern African Avis car rental operations, and have a number of expansion possibilities within our Logistics division. Our motor retail businesses are performing well and we look forward to ongoing improvements from streamlining our Hyster materials handling division following the impending disposal of the Freightliner operations. The outlook for the refocused group is very positive and we expect continued growth in all these businesses for the full year."

"A number of steps have been taken to unlock shareholder value including the disposal of underperforming businesses. In this regard, we are pleased to report good progress on the strategic actions announced at our annual general meeting on 25 January 2007."

Chairman and Chief Executive's report

Future direction of the group

At the annual general meeting held on 25 January 2007, it was announced that Barloworld Limited will be repositioned and profiled as a focused distribution company with an offering that includes integrated product support as well as rental and logistics solutions. The group will comprise businesses that fit the above strategic profile, meet strict performance criteria, and demonstrate good growth potential.

The board conducted an assessment of the impact of unbundling the Motor division and concluded that it is in the best long-term interests of shareholders and the company for the division to remain as an integral part of the Barloworld group. Following the implementation of the announced unbundlings and disposals referred to below, the Barloworld group will comprise of the following core divisions:

- Equipment (earthmoving and power systems)
- Motor (car rental, fleet services and motor retail)
- Materials Handling (forklift truck distribution and fleet management)
- Logistics (logistics management and supply chain optimisation).

Progress on announced strategic actions

- 1. Unbundlings to unlock shareholder value
- We announced on 27 March 2007 that Barloworld is at an advanced stage of

Page 2 of 20

preparing for the Pretoria Portland Cement Company Limited (PPC) unbundling. The PPC unbundling circular has been finalised and will be posted on Thursday, 17 May 2007. A general meeting of shareholders to consider the PPC unbundling will be held on 8 June 2007. It is further anticipated that the PPC unbundling transaction, which is conditional upon shareholder approval at the general meeting, will be implemented on 16 July 2007, subject to all regulatory requirements being satisfied.

An independent non-executive director, Mr Trevor Munday, has been appointed as chairman of a board subcommittee to manage the Coatings division, unbundling. This process is targeted to be concluded by the end of the calendar year.

2. Disposal of businesses

Within the Scientific division, the sale of Melles Griot has recently been concluded for a consideration above tangible net asset value. The transaction remains subject to certain conditions precedent and is expected to close by the end of June 2007. Advisors have been appointed to assist in the disposal of the laboratory business and numerous indicative bids have been received. The targeted completion date remains the end of the calendar year.

Within the Industrial Distribution division, we have sold DitchWitch of Georgia effective 27 April 2007. The process to sell the Freightliner operations has commenced and we have made good progress in the disposal of the Vacuum Technology business. In the Equipment division, a decision has also been taken to exit the Finaltair biomass energy joint venture in Spain.

Where applicable, impairment provisions have been made to write down goodwill or assets to their estimated recoverable amounts.

The sale of the Steel Tube division to a management and BEE consortium was finalised in November 2006 as was the sale of the major part of our UK leasing book.

#### 3. BEE and transformation

The process to finalise the details of the group's broad-based Black Economic Empowerment (BEE) transaction is on track. Separate transactions are being planned for PPC and the Coatings division and the Barloworld transaction will therefore be implemented shortly after these companies have been unbundled. Strong trading performance for half year

Revenue growth of 30% has been positively impacted by favourable trading conditions in most of the businesses to be retained in the Barloworld group. Operating profit from continuing operations is up 25% driven by strong growth in the southern African equipment business and a pleasing result in Spain. The Motor division also performed very well with significant contributions from Avis Rent a Car South Africa and a strong turnaround in Motor Retail Australia. We have seen continued improvements in our handling business in the UK and our Logistics division is beginning to make a meaningful contribution to group profits.

Growth in profits from divisions that will be unbundled - Cement and Coatings - were also good. The Scientific division has performed ahead of the previous period despite weak market conditions, due mainly to fixed cost savings. This division has been disclosed as discontinued due to the impending sales of Melles Griot and the laboratory business.

A significant downsizing of the corporate offices is under way. Redundancy costs amounting to R60 million have been provided against operating profit at the half year. Estimated annualised savings from these initiatives amount to approximately R80 million.

Headline earnings per share (HEPS) increased by 14% to 467 cents per share. This was negatively impacted by the R125 million secondary taxation on companies (STC) charge provided on the R5 per share special dividend paid on 2 April 2007. Adjusting for this STC charge, HEPS increased by 30%.

It is the intention of the board to declare an interim distribution of 175 cents per share (17% up on the prior period) on 8 June 2007. Details of the last day to trade and the payment date will be published on that date. Directorate

Clive Thomson was appointed as Chief Executive Officer (CEO) of Barloworld Limited effective from 18 December 2006.

Dumisa Ntsebeza was appointed interim Chairman on 25 January 2007 following Warren Clewlow reaching the mandatory retirement age. The search committee that

.was tasked to appoint a permanent Chairman is making good progress, and an announcement in this regard will be made shortly.

Isaac Shongwe was appointed as an executive director and CEO of Barloworld Logistics Africa, while Hixonia Nyasulu, Gordon Hamilton, and Trevor Munday were appointed as non-executive directors effective 26 January 2007.

Warren Clewlow, Tony Phillips, Mike Coward and Lester Day retired from the board. We would like to thank them for their valuable contribution to the company over many years.

In other executive management moves, John Blackbeard will take over as CEO of the Industrial Distribution division on 1 October 2007 when Brandon Diamond returns to South Africa following the completion of his term.

Outlook

In southern Africa, growth in the construction and mining sectors is expected to result in a further increase in activity in the Equipment division. We have entered into a joint venture in the mineral-rich Katanga province of the Democratic Republic of Congo, which will provide us with further growth potential in the southern African region. In the Motor division, increased interest rates are impacting the sales of passenger vehicles, although sales of commercial vehicles are continuing strongly. We expect sustained growth in the car rental business. In the fleet services business, we are delivering vehicles into new fleet contracts and are in a good position to further grow our fleet under management. Growth in the Logistics division is expected to continue at a rapid pace.

In Iberia, we are seeing good demand for equipment in Spain and expect conditions to remain stable for the short to medium term. Conditions in Portugal, however, are expected to remain weak in the short term. Our handling business in Europe is benefiting from the streamlining of the operating structure. In the US, the materials handling business is expected to continue performing well, although slowing economic conditions are evident through lower deliveries and a reduced customer order book.

In Australia, we expect further benefit from the investments in our motor retail facilities and the strategic repositioning of our represented brands.

In businesses that will be unbundled, cement sales continue to grow strongly while the coatings business in southern Africa is benefiting from strong demand and the contribution from recently acquired businesses. These companies will have a good future, independent of Barloworld.

As a result of the implementation of many of the strategic actions announced, including the PPC unbundling, business disposals and corporate restructuring, as well as some once-off favourable profit impacts in the second half of last year, the results for the full year will not be directly comparable with the prior year. However, we expect the underlying operating performance to show good progress on 2006.

Group financial review

Strong growth in all our major businesses resulted in revenue from continuing operations increasing by 30% to R24 324 million.

Operating profit rose by 25% to R2 157 million, driven by the strong revenue growth. Included in operating profit are redundancy and restructuring charges of R60 million associated with the re-organisation of the corporate offices. Operating profit margin fell slightly from 9,3% to 8,9%.

Headline earnings per share of 467 cents (1H `06: 408 cents) is 14% higher than last year but was adversely impacted by the additional secondary tax on companies (STC) of 62 cents per share relating to the special dividend of R5 per share paid on 2 April 2007.

The charge for fair value adjustments on financial instruments reduced to R12 million (1H `06: R69 million) mainly due to the decisions in June 2006 to implement hedge accounting for Caterpillar machine purchases and in November 2006 for Caterpillar spare parts in the southern African equipment business. The effect of these decisions is that a net amount of R6 million before tax is now deferred in equity.

Net finance costs increased by R80 million to R241 million mainly due to higher borrowings resulting from the increased trading activity and higher interest

rates. The increase in the second half of last year was R76 million. The exceptional loss of R190 million includes the pre-tax impairments of the investment in Finaltair and goodwill relating to the Freightliner dealerships in the USA.

The taxation charge (before STC) of R521 million rose by 20%. The effective tax rate excluding STC, prior year taxation and taxation on exceptional items increased to 31,0% (1H'06: 29,0%).

The substantial increase in the STC charge to R276 million (1H'06: R116 million) is mainly due to STC of R125 million provided on the special dividend of R1 billion paid on 2 April 2007.

In terms of accounting standards the results of the Cement and Coatings divisions are included in continuing operations until the date of unbundling. Once the unbundlings have been implemented, the results will be reported as discontinued operations for the period up to the unbundling date and for the full comparative reporting period.

The profit from discontinued operations of R28 million (1H '06: R90 million loss) comprises the results of the Steel Tube division (two months up to date of disposal) and the Scientific division (six months).

The Steel Tube division was sold with effect from 30 November 2006. The Scientific division has been accounted for as a discontinued operation following the decision earlier this year to dispose of its businesses.

Cash generated from operations decreased by R85 million to R1 828 million mainly due to an increase of R1 441 million in net working capital due to higher levels of activity. This is, in part, a timing issue with strong deliveries anticipated in the second half of the financial year. Net cash generated from investing activities of R296 million includes additions to property, plant and equipment and intangibles of R772 million; a further net investment of R778 million in rental assets and hire vehicles; and proceeds of R1 973 million from the disposal of subsidiaries, investments, plant and equipment and the sale of the UK handling leasing assets.

The group's balance sheet remains strong with total assets employed in the business declining by 5% in the past six months to R33 711 million. The reduction is mainly due to the disposal of the UK leasing book and the Steel Tube division.

Assets classified as held for sale of R3 336 million comprise mainly the Scientific division (R1 745 million) and Freightliner, DitchWitch and Vacuum Technologies within the Industrial Distribution division (R982 million). Total interest-bearing borrowings of R9 728 million (September 2006: R9 884 million) represent a group debt to equity ratio of 76% (September 2006: 73%), while the debt to equity ratio for the Trading businesses is 42% (September 2006: 32%).

Capital commitments of R3 002 million include the approved expansion within our Cement division estimated at R1 656 million.

Operational reviews

In the case of the leasing businesses, the operating profit is net of interest paid. Income from associates, which includes our share of earnings from joint ventures, is shown at the profit after taxation level.

Net operating assets comprise total assets less non-interest-bearing liabilities. Cash is excluded as well as current and deferred taxation assets and liabilities. In the case of the leasing businesses, net assets are reduced by interest-bearing liabilities.

Comparative numbers have been restated as per note 19.

The business in this division arises mainly from our enduring partnership of 80 years with Caterpillar Inc. as their dealer in 16 countries.

Activity levels in Iberia were well up on the prior period, as construction demand in Spain remained at a high level and our public works machine sales were strong. We have not yet seen any impact from the reported cooling down in the Spanish residential market. Conditions in Portugal, however, continue to be weak. Overall operation margins fell slightly due to a higher mix of new equipment sales relative to product support revenues.

The southern African business continues to see accelerated demand for capital equipment. The construction industry is starting work on major public works and we have seen rising demand from this sector. The mining industry is investing in new capacity with significant new orders placed for Caterpillar equipment. During the period under review we have entered into a joint venture in the mineral-rich Katanga province of the Democratic Republic of Congo, which will provide us with further growth potential in the southern African region. Associate income includes the results from the Siberian joint venture business as well as Energyst and Finaltair. Activity levels in Siberia in the mining and resource sectors remain high, and we are continuing to grow both our earthmoving and power systems businesses.

All territories recorded high levels of order intake which is a positive sign for equipment deliveries over the next 12 months. At March 2007 there are firm customer orders of R6,5 billion (September 2006: R4,8 billion). The order book placed on Caterpillar is US\$978 million (September 2006: US\$906 million). Longer lead times and availability of certain product lines remains a challenge, but we are working closely with Caterpillar to meet our customers` requirements. Industrial Distribution

In Europe, restructuring benefits have positively affected profitability and the business is well on its way to recovery. The order book has shown healthy growth in the UK.

While the US handling business continues to perform well, trading conditions in the US are slowing which is evident in a reduced order book. The Truck Center benefited from the pre-buying generated by the new emission regulations that came into force at the beginning of 2007 although as expected orders have now dropped off sharply. Lower overall freight activity in the US is evident as well.

The leasing business continues to be wound down after the sale of the US book last year and the majority of the UK lease book during the period under review. The UK Ministry of Defence (MOD) leasing and fleet management contract will continue.

The sale of the Freightliner and Vacuum Technology businesses are proceeding well and the DitchWitch business was sold at the end of April 2007. These

businesses constitute R695 million of the trading businesses net operating assets.

Our integrated motor vehicle usage solutions strategy has driven our overall operating margin to 4,6% (1H`06: 3,9%). Avis Rent a Car Southern Africa delivered a good performance as a result of our focus on yield management and improving efficiencies, together with strong growth in car rental demand. The Scandinavian car rental business posted a small profit, in line with the seasonal earnings pattern where substantially all of the profits are earned during the European summer. This business is expected to benefit from our ongoing profitability initiatives and the increased business activity in the next six months.

The southern African motor retail operations performed well, despite higher interest rates impacting passenger vehicle sales. Commercial vehicle sales remain strong. The Subaru import and distribution business was negatively impacted by the weaker Rand compared to the prior period. The Australian result benefited from the investments in our dealer facilities and the strategic repositioning of our represented brands.

As a consequence of new contracts secured, our fleet services operation experienced strong growth in vehicles under management, which will positively benefit profitability into the future.

Associate income includes our DaimlerChrysler and Phavisworld BEE joint ventures but now excludes Auric Auto, which was disposed of during the period.

The South African domestic cement market grew by over 12% compared with the same period last year. Increased investment in public-sector infrastructure is materialising rapidly and is likely to offset any slowdown in the rate of growth in the residential building sector following the continued rise in interest

Operating margins decreased slightly due to the importation and sale of almost 200 000 tons of bagged Surebuild cement at little or no margin, significant increases in diesel and coal energy costs, the higher cost of operating older less efficient plants and the inability to fully optimise distribution logistics and factory sourcing at periods of very high demand.

The 1,25 million ton Batsweledi (Dwaalboom new kiln) project is progressing according to plan and within budget. Orders for the Hercules Pretoria cement mill upgrade and expansion project have been placed, and the project is expected to be commissioned in the middle of calendar year 2009.

Lime volumes and margins improved following the recovery in the world steel markets leading to higher profitability compared to the prior period. PPC will be unbundled from Barloworld on 16 July 2007.

The coatings business in southern Africa experienced good growth. The integration of the recent acquisitions has been successful and these are contributing well to the result. In Australia, improved average selling prices and the reduced cost base resulted in an improved performance.

A 15% empowerment transaction with Izingwe in respect of Prostart Investments, part of the automotive refinish business, was concluded at the end of the

The division will be unbundling from Barloworld with the targeted completion before the end of the calender year 2007.

The logistics businesses in South Africa and Spain have been consolidated under a single executive management team and growth prospects remain good.

The logistics business in Africa has shown strong organic growth during the period under review. A significant entry was made into the FMCG logistics market with the conclusion of a long-term contract with a large FMCG

distributor/manufacturer. The results further reflect the benefit of the BEE transaction concluded eighteen months ago with significant contributions to revenue and operating profit from South African parastatals.

In Europe, the Iberian logistics business continues to perform well. We have been investing in expanding the logistics offering in the region.

The operating loss for the period includes costs of R60 million relating to the downsizing of the corporate offices. The expected annualised saving resulting from these initiatives amounts to approximately R80 million.

The full year result for 2006 includes once-off favourable benefits of R149 million relating to the pension fund curtailment in the UK and a net gain of R36 million in SA on the Wattyl hedge net of transaction costs.

Net operating liabilities at 31 March 2007 include the provision of R1 015 million for the special dividend paid on 2 April 2007 and the UK pension fund deficit amounting to R710 million.

Distribution declaration for the six months ended 31 March 2007: Dividend number 157.

Notes to the condensed consolidated financial statements

1. BASIS OF PREPARATION

The condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard (IAS) 34 Interim Financial Reporting. The accounting policies and methods of computation used are consistent with those used for the group's 2006 annual financial statements (which were prepared in accordance with International Financial Reporting Standards) except for the adoption of IFRIC Interpretation 4 Determining Whether an Arrangement Contains a Lease, the impact of which was not significant. Comparative numbers have been restated as per note 19.

#### 16. PORTLAND HOLDINGS LIMITED (PORTHOLD)

The results of Porthold, a wholly owned Zimbabwean subsidiary have in terms of the exclusions contained in the revised IAS 27 Consolidated and Separate Financial Statements, not been consolidated into the group results as at 31 March 2007.

Significant constraints impacting on the normal operation of Porthold, has resulted in the board concluding that management does not have the ability to exercise effective control over the business. As a result, the results of Porthold have continued to be excluded from the group results in the current period. Severe restrictions are placed on our ability to access foreign currency and remit funds and as a result the investment continues to be accounted for on a fair value investment basis with dividends only being recognised to the extent they are received.

#### 17. RELATED PARTY TRANSACTIONS

There has been no significant change in related party relationships since the previous year.

Other than in the normal course of business, there has been no significant transactions during the six months with associate companies, joint ventures and other related parties.

#### 18. SUBSEQUENT EVENTS

A sale agreement for the disposal of the Melles Griot business has been concluded subsequent to 31 March 2007. The business will be sold for a premium over tangible net asset value. Completion of the deal is subject to certain suspensive conditions.

The sale of the DitchWitch of Georgia business has been concluded and paid for subsequent to 31 March 2007. The sale price includes a premium over tangible net asset value.

These transactions are not expected to have a significant impact on current year earnings or net asset value.

#### 19. COMPARATIVE INFORMATION

Comparative information has been restated for the treatment of the Scientific segment as a discontinued operation, for the effects of the change in accounting policy in terms of IAS 19 Employee Benefits and the requirements of the South African Institute of Chartered Accountants Circular 9/2006. Transaction giving rise to adjustment to Revenue/Purchases.

. The aggregate effect of the above changes on the financial statements for the period ended 31 March 2006:

UNBUNDLING ANNOUNCEMENT UPDATE

Further to the announcements dated 18 December 2006, 25 January 2007 and 27 March 2007, regarding, inter alia, the proposed unbundling of Pretoria Portland Cement Company Limited ("PPC"), shareholders are advised that the circular relating to the unbundling ("the circular") is to be posted on or about 17 May 2007. It is anticipated that the general meeting at which the unbundling transaction is to be considered will be held on 8 June 2007.

Further to the announcement on 27 March 2007, the board of directors of PPC has resolved that each PPC ordinary share is to be subdivided into 10 shares of R0.10 each in the issued share capital of PPC ("PPC subdivided shares"), subject to approval from its shareholders at the PPC general meeting to be held on Friday, 8 June 2007 ("PPC subdivision"). Barloworld has signed an irrevocable undertaking with respect to the PPC subdivision, stating that it intends to vote all of the PPC shares that it controls in favour of the proposed resolutions for the PPC subdivision.

The board of directors of Barloworld has provisionally determined that, subject to shareholder approval, Barloworld will distribute 1.8555 PPC subdivided shares for every one ordinary share held by a Barloworld ordinary shareholder. Further details will be published in the circular.

It is anticipated that, subject to approval of the Barloworld shareholders at the general meeting, the unbundling will be effected as follows:

# Circular to Barloworld ordinary shareholders and preference shareholders

regarding:

- the proposed distribution on the unbundling date of all the shares held by Barloworld in PPC, save for the shares to be held by a subsidiary of Barloworld for the purposes of funding Barloworld's commitment to optionholders, as at the record date, to Barloworld ordinary shareholders, in the entitlement ratio; and
- the granting of shareholder approval to make the distribution of such PPC shares as required by the articles, the Listings Requirements of the JSE and section 228 of the Companies Act, insofar as the making of the distribution requires such section 228 approval;

and also relating to:

- proposed amendments to the Barloworld share schemes; and
- the granting of a general authority to make distributions to Barloworld ordinary shareholders out of share premium;

and incorporating:

- a notice convening a general meeting of Barloworld shareholders; and
- a form of proxy (for use by certificated shareholders and dematerialised shareholders with "own-name" registration only).

# ACTION REQUIRED BY BARLOWORLD SHAREHOLDERS REGARDING THE UNBUNDLING, PROPOSED AMENDMENTS TO THE SHARE SCHEMES AND THE GRANTING OF A GENERAL AUTHORITY TO MAKE DISTRIBUTIONS TO BARLOWORLD ORDINARY SHAREHOLDERS OUT OF SHARE PREMIUM

This circular contains information relating to the unbundling, proposed amendments to the share schemes and the granting of a general authority to make distributions to Barloworld ordinary shareholders out of share premium. To this end, a general meeting of Barloworld shareholders will be held at 14:00 on Friday, 8 June 2007 at the registered office of Barloworld, situated at 180 Katherine Street, Sandton. A notice convening the general meeting (yellow) is attached to and forms part of this circular.

Please take careful note of the following provisions relating to the action required by Barloworld shareholders in relation to this circular and specifically the general meeting. If you are in any doubt as to what action to take, you should consult your CSDP, broker, banker, attorney, accountant or other professional advisor immediately.

If you have disposed of all your shares in Barloworld, this circular, together with the attached form of proxy (blue), should be handed to the purchaser of such shares or to the CSDP, broker, banker or other agent through whom the disposal was effected.

If you hold Barloworld ordinary share(s), you are entitled to attend the general meeting in person and to vote, or abstain from voting, all your ordinary share(s) on all the resolutions proposed at the general meeting.

If you hold Barloworld preference share(s), you are entitled to attend the general meeting in person and to vote, or abstain from voting, all your preference share(s) only on special resolution number 1, and ordinary resolutions numbers 1 and 2, contained in the notice of general meeting attached to this circular. The first two resolutions relate to the approval required for the unbundling and the third resolution relates to the general authority required to make distributions to Barloworld ordinary shareholders out of share premium.

#### 1. IF YOU HAVE DEMATERIALISED YOUR SHARES:

#### With "own-name" registration

You are entitled to attend in person, or be represented by proxy, at the general meeting. If you are unable to attend the general meeting in person, but wish to be represented thereat, you must complete and return the attached form of proxy (blue), in accordance with the instructions contained therein, to be received by any of the transfer secretaries by no later than 14:00 on Wednesday, 6 June 2007.

#### Without "own-name" registration

You are entitled to attend in person, or be represented, at the general meeting. You must not, however, complete the attached form of proxy (blue). In accordance with the agreement between you and your CSDP or broker, you must advise your CSDP or broker timeously if you wish to attend in person or if you wish to be represented at the general meeting and your CSDP or broker will provide you with the necessary letter of authority for you or your proxy to attend the general meeting.

If your CSDP or broker has not contacted you, you are advised to contact your CSDP or broker and provide them with your voting instructions in the manner and by the cut-off time stipulated by your CSDP or broker as per the agreement you have with them.

If your CSDP or broker does not obtain instructions from you, they will be obliged to act in terms of your mandate furnished to them.

#### 2. IF YOU HOLD CERTIFICATED SHARES:

You are entitled to attend in person, or be represented by proxy, at the general meeting. If you are unable to attend the general meeting in person, but wish to be represented thereat, you must complete and return the attached form of proxy (blue), in accordance with the instructions contained therein, to be received by any of the transfer secretaries by no later than 14:00 on Wednesday, 6 June 2007.

The attention of Barloworld ordinary shareholders is drawn to the fact that those shareholders holding Barloworld ordinary shares in certificated form will receive a share certificate in respect of the PPC distribution shares and will be required to dematerialise the shares reflected on such share certificate in order to trade such PPC distribution shares on the JSE. Barloworld ordinary shareholders holding Barloworld ordinary shares in dematerialised form will have their accounts at their CSDP or broker credited in respect of the PPC distribution shares.

Barloworld shares may not be dematerialised or re-materialised from Monday, 9 July 2007 to Friday, 13 July 2007, both days inclusive.

Barloworld will send one copy of the circular to each Barloworld shareholder at his registered address set out in the register.

If:

- · two or more Barloworld shareholders share an address; or
- a Barloworld share is held jointly by more than one person,

and such Barloworld shareholders receive only one copy of the circular in respect of that address or that Barloworld share, Barloworld will, subject to the approval of the Barloworld board, upon written or oral request, deliver a separate copy of the circular to each Barloworld shareholder at the shared address or to each Barloworld shareholder who jointly holds such Barloworld share. In this regard, Barloworld may be contacted at its registered office.

If multiple copies of the circular are sent to two or more Barloworld shareholders at a shared address or to joint holders of the same Barloworld share, and such Barloworld shareholders wish in future to receive only one copy of any Barloworld circular, those Barloworld shareholders should notify Barloworld to this effect at its registered office.

The unbundling may be affected by the laws of the relevant jurisdictions of foreign shareholders. Such foreign shareholders should inform themselves about and observe any applicable legal requirements of such jurisdictions in relation to all aspects of this circular that may affect them, including the unbundling. It is the responsibility of any foreign shareholder to satisfy himself as to the full observation of the laws and regulatory requirements of the relevant jurisdiction in connection with the unbundling, including the obtaining of any governmental, exchange control or other consents or the making of any filings which may be required, the compliance with other necessary formalities, the payment of any issue, transfer or other taxes or other requisite payments due to such jurisdiction. The unbundling is governed by the laws of South Africa and is subject to any applicable laws and regulations, including the Exchange Control Regulations. Any shareholder who is in doubt as to his position, including, without limitation, his tax status, should consult an appropriate independent professional advisor in the relevant jurisdiction without delay.

#### **SALIENT FEATURES**

This summary contains the important features of this circular, which should be read in its entirety for a full appreciation thereof.

#### 1. INTRODUCTION

Following deliberations by the Barloworld board, as well as shareholder engagement, it was announced on 18 December 2006 that Barloworld would unbundle PPC.

The purpose of this circular is to provide Barloworld shareholders with information regarding the terms and conditions pertaining to the unbundling, proposed amendments to the share schemes and the granting of a general authority to make distributions to Barloworld ordinary shareholders out of share premium. Furthermore, this circular serves to give notice to Barloworld shareholders of a general meeting of Barloworld shareholders in order to consider and, if deemed fit, pass, with or without modification, the resolutions necessary to implement the unbundling, proposed amendments to the share schemes and to grant a general authority to make distributions to Barloworld ordinary shareholders out of share premium.

#### 2. RATIONALE FOR THE UNBUNDLING

The unbundling has a number of benefits, including:

- narrowing the discount between the Barloworld Group's intrinsic value and its market value;
- · the significant enhancement of the free-float and tradeability of PPC shares; and
- the creation of a more focused Barloworld Group.

#### 3. FUTURE PROSPECTS OF THE BARLOWORLD GROUP

Barloworld will be repositioned and profiled as a focused distribution company, with an offering that includes integrated product support, as well as rental and logistics solutions. The Barloworld Group will comprise businesses that fit the above strategic profile, meet strict performance criteria, and demonstrate good growth potential. Based on the factors stated above, the Barloworld board has taken the following decisions and/or actions in relation to the future composition of the Barloworld Group:

- The Barloworld Coatings division will be unbundled. This process is targeted to be concluded by the end of the calendar year.
- An agreement for the sale of Melles Griot has been concluded.
- Advisors have been appointed to assist in the disposal of the Barloworld Laboratory business and this
  process is now underway, with a targeted completion date by the end of the calendar year.
- The process to sell the Freightliner franchises has commenced and Barloworld is at an advanced stage
  in the disposal of the Vacuum Technology business. An agreement for the sale of DitchWitch has been
  concluded.
- The critical re-evaluation of the Materials Handling division operations is underway and a decision on the eventual scale and composition of this business will be made by the end of the financial year.
- A number of steps are also being taken to further enhance shareholder returns including downsizing
  the corporate office, implementing stricter capital allocation processes and improving the performance
  of the remaining businesses.

The process to finalise the details of the Barloworld Group's BEE transaction is on track and will be implemented as soon as practicable after the unbundling.

Barloworld, post the unbundling and repositioning referred to above, will have strong growth prospects, both organic and acquisitive, with sufficient balance sheet strength and management depth to realise these opportunities. The Barloworld board remains confident that the Barloworld Group will be able to continue to exhibit growth and create wealth.

#### 4. SALIENT TERMS OF THE UNBUNDLING

Subject to the fulfilment or waiver of the conditions precedent referred to in paragraph 4.4 and subject to paragraph 4.2(v), all of the shares held by Barloworld in PPC, save for the shares to be held by a subsidiary of Barloworld for the purposes of funding Barloworld's commitment to optionholders, will be distributed to Barloworld ordinary shareholders recorded in the register at the close of business on the record date, in the entitlement ratio. The distribution will be undertaken in terms of section 90 of the Companies Act and in accordance with section 46 of the Income Tax Act.

#### 5. NOTICE OF GENERAL MEETING

The general meeting of Barloworld shareholders will be held at 180 Katherine Street, Sandton, at 14:00 on Friday, 8 June 2007 to consider and, if deemed fit, pass, with or without modification, the resolutions required in order to implement the unbundling, proposed amendments to the share schemes and to grant a general authority to make distributions to Barloworld ordinary shareholders out of share premium.

A notice convening the general meeting (yellow) and a form of proxy (blue) for use by Barloworld shareholders holding certificated shares and Barloworld shareholders holding dematerialised shares with "own-name" registration who are unable to attend the general meeting are attached to and form part of this circular. A duly completed form of proxy (blue) must be received by any of the transfer secretaries by no later than 14:00 on Wednesday, 6 June 2007. Dematerialised shareholders without "own-name" registration are referred to page 2 of this circular concerning actions required by Barloworld shareholders.

#### 6. DIRECTORS' OPINION AND RECOMMENDATIONS

The directors are of the opinion that the unbundling has a sound business rationale and will be to the benefit of Barloworld ordinary shareholders and recommend that Barloworld shareholders entitled to vote at the general meeting vote in favour of all the resolutions necessary to implement the unbundling, proposed amendments to the share schemes and to grant a general authority to make distributions to Barloworld ordinary shareholders out of share premium.

The directors intend to vote their respective shares in Barloworld in favour of all the abovementioned resolutions, save that they will not vote on the resolutions relating to the amendments to the share schemes in which they have an interest.

#### CIRCULAR TO BARLOWORLD SHAREHOLDERS

#### 1. INTRODUCTION

Following deliberations by the Barloworld board, as well as shareholder engagement, it was announced on 18 December 2006 that Barloworld would unbundle PPC.

The purpose of this circular is to provide Barloworld shareholders with information regarding the terms and conditions pertaining to the unbundling, proposed amendments to the share schemes and the granting of a general authority to make distributions to Barloworld ordinary shareholders out of share premium. Furthermore, this circular serves to give notice to Barloworld shareholders of a general meeting of Barloworld shareholders in order to consider and, if deemed fit, pass, with or without modification, the resolutions necessary to implement the unbundling, proposed amendments to the share schemes and to grant a general authority to make distributions to Barloworld ordinary shareholders out of share premium.

#### 2. RATIONALE FOR THE UNBUNDLING

PPC has built a strong financial and operating track record in an industry that falls outside the scope of Barloworld's strategic objective of repositioning itself as a focused distribution company. The Barloworld

Group has elected to focus on distribution businesses that include integrated product support, as well as rental and logistics solutions (see paragraph 3). As a result, Barloworld has committed itself to divest of the Barloworld Group's non-core assets, including Barloworld's interest in PPC, in order to focus on businesses that fit the Barloworld Group's strategic profile more closely.

The unbundling also has the following benefits for Barloworld shareholders:

- · narrowing the discount between the Barloworld Group's intrinsic value and its market value;
- · the significant enhancement of the free-float and tradeability of PPC shares; and
- · the creation of a more focused Barloworld Group.

#### 3. FUTURE PROSPECTS OF THE BARLOWORLD GROUP

Barloworld will be repositioned and profiled as a focused distribution company, with an offering that includes integrated product support, as well as rental and logistics solutions. On completion of the repositioning, the Barloworld Group will have the following defining characteristics and competencies:

- The provision of flexible, value adding, integrated customer solutions in the areas of:
  - Earthmoving and power systems (Barloworld Equipment);
  - Vehicle usage (Barloworld Motor);
  - Materials handling (Barloworld Handling);
  - Logistics management and supply chain optimisation (Barloworld Logistics).
- Representation of leading global brands supported by the Barloworld service offering.
- Effective management of long-term relationships with global principals and customers.
- Ability to develop and grow businesses in multiple geographies including challenging territories with high growth prospects.
- Commitment to lead in empowerment and transformation.

Based on the above profile, characteristics and competencies, the Barloworld board has taken the following decisions and/or actions in relation to the future composition of the Barloworld Group:

- The Barloworld Coatings division will be unbundled. This process is targeted to be concluded by the end of the calendar year.
- An agreement for the sale of Melles Griot has been concluded.
- Advisors have been appointed to assist in the disposal of the Barloworld Laboratory business and this process is now underway, with a targeted completion date by the end of the calendar year.
- The process to sell the Freightliner franchises has commenced and Barloworld is at an advanced stage
  in the disposal of the Vacuum Technology business. An agreement for the sale of DitchWitch has been
  concluded.
- The critical re-evaluation of the Materials Handling division operations is underway and a decision on the eventual scale and composition of this business will be made by the end of the financial year.
- A number of steps are also being taken to further enhance shareholder returns including downsizing
  the corporate office, implementing stricter capital allocation processes and improving the performance
  of the remaining businesses.

The process to finalise the details of the Barloworld Group's BEE transaction is on track and will be implemented as soon as practicable after the unbundling.

Barloworld, post the unbundling and repositioning referred to above, will have strong growth prospects, both organic and acquisitive, with sufficient balance sheet strength and management depth to realise these opportunities. The Barloworld board remains confident that the Barloworld Group will be able to continue to exhibit growth and create wealth.

#### 4. PARTICULARS OF THE UNBUNDLING

(i) As at the last practicable date, Barloworld directly and indirectly, through a subsidiary, Barlows Cement Investments Limited (Registration number 1971/011042/06) ("BCI"), holds 38 528 431 PPC

shares constituting 71.67% of the issued share capital of PPC. Subject to paragraph 4.2.1, BCI will, prior to the unbundling, transfer all of the shares it holds in PPC to Barloworld, other than those referred to in paragraph (iii) below. Subject to the fulfilment or waiver of the conditions precedent referred to in paragraph 4.4, and subject to paragraph 4.2(v), all of the shares held directly by Barloworld in PPC, as at the record date, will be distributed to Barloworld ordinary shareholders recorded in the register at the close of business on the record date, in the entitlement ratio. The distribution will be undertaken in terms of section 90 of the Companies Act and in accordance with section 46 of the Income Tax Act.

- (ii) On the assumption that the PPC subdivision will be implemented by the unbundling date, Barloworld will, on that date, directly hold and distribute 385 284 310 PPC subdivided shares, less such number of shares as is required to be retained by a subsidiary of Barloworld to fund what is estimated to be Barloworld's commitment to optionholders.
- (iii) At the last practicable date, on the assumption referred to above, the Barloworld board estimated that it needs to retain 7 920 420 PPC subdivided shares through a subsidiary of Barloworld to fund Barloworld's commitment to optionholders. Insofar as any optionholders as at the last practicable date exercise their options on or before Thursday, 28 June 2007, the number of shares to be retained by a subsidiary of Barloworld as referred to above will be reduced and the total number of shares for distribution to Barloworld ordinary shareholders will be increased accordingly. This will not affect the entitlement ratio.

#### 4.1 PPC subdivision

The board of directors of PPC has agreed to the PPC subdivision, subject to approval from its shareholders at the PPC general meeting to be held on Friday, 8 June 2007. Barloworld has signed an irrevocable undertaking with respect to the PPC subdivision, stating that it intends to vote all of the PPC shares that it controls in favour of the proposed special resolutions for the subdivision.

It is expected that the PPC subdivision will occur on or before the unbundling date, but in any event prior to the unbundling.

PPC has agreed to propose that the PPC subdivision becomes effective on the unbundling date, and has also agreed to use its reasonable endeavours to procure the fulfilment of all conditions to which the PPC subdivision is subject by the day before the finalisation date. If those conditions are fulfilled by that date, the entitlement ratio and the number of shares to be distributed will be determined on the basis that the PPC subdivision will occur by the unbundling date. If those conditions are not fulfilled by that date, the entitlement ratio and the number of PPC distribution shares to be distributed will be determined on the basis that the PPC subdivision will not occur at all or will occur after the unbundling date. In that regard, the total number of PPC distribution shares which would have been distributed will be divided by 10, and the entitlement ratio will be amended accordingly. If the entitlement ratio is 1.8555:1, it will be amended to 0.18555:1. In addition, PPC has undertaken to Barloworld that if the conditions are not fulfilled by the day before the finalisation date, the PPC subdivision will not occur until after the unbundling date.

#### 4.2 Entitlement ratio

- (i) Subject to paragraphs 4.1 and 4.2.2, the number of PPC subdivided shares to be unbundled for every one Barloworld ordinary share held by a Barloworld ordinary shareholder, at the close of business on the record date, will be 1.8555. This is the "provisional entitlement ratio".
- (ii) Annexure 1 to this circular contains a table setting out the number of PPC distribution shares to which Barloworld ordinary shareholders will be entitled in terms of the unbundling, based on the provisional entitlement ratio.
- (iii) The provisional entitlement ratio has been determined by the Barloworld board on the assumption that the PPC subdivision will occur immediately before the unbundling and that Barloworld's tax liability will be insignificant or non-existent.
- (iv) If the Barloworld board believes that Barloworld's tax liability could become significant, the Barloworld board may at any time on or before the finalisation date decide that up to 16 415 840 PPC subdivided shares or 1 641 584 PPC shares, as the case may be, will be retained by a subsidiary of Barloworld to fund what is estimated to be Barloworld's tax liability.

As a result, fewer PPC distribution shares will be distributed to Barloworld ordinary shareholders, and the provisional entitlement ratio will be amended accordingly. On the assumption that the PPC subdivision will be implemented by the unbundling date and that 16 415 840 PPC subdivided shares will be retained, the entitlement ratio will be 1.7765:1. As stated in paragraph 4.1, if the conditions to which the PPC subdivision is subject are not fulfilled by the day before the finalisation date, the provisional entitlement ratio will be amended accordingly. Any such amendment made pursuant hereto will be released on SENS on or before the finalisation date, and the ratio so released will be "the entitlement ratio". If no such amendment is made, the provisional entitlement ratio will be the "entitlement ratio".

(v) If the Barloworld board believes that Barloworld's tax liability could become so significant as to remove the benefits to Barloworld ordinary shareholders of the unbundling, it may at any time on or before the finalisation date terminate the unbundling with immediate effect, by the release on SENS, on or before the finalisation date, of a notice to this effect.

#### 4.2.1 Tax relief available for unbundling transactions

As stated in paragraph 9.2, Barloworld intends to rely on the provisions of section 46 of the Income Tax Act for the unbundling. This section provides relief from the CGT and STC which would ordinarily be payable in respect of transactions of this nature. Currently the relief is not available for distributions to any Barloworld ordinary shareholder who acquires more than 5% of the PPC distribution shares, and who is not subject to South African normal tax or tax as defined in the Tax on Retirement Funds Act, No. 38 of 1996, in South Africa ("non-qualifying shareholders"). It has been announced that tax on retirement funds is to be abolished and, accordingly, it is anticipated that the specific requirements of section 46 of the Income Tax Act will change. It is not anticipated that these amendments will have an adverse impact on the tax position of Barloworld in respect of the unbundling, but if the effect of the amendments is such that Barloworld has non-qualifying shareholders on the last date to trade, CGT and STC will be payable by Barloworld in respect of the distribution of the PPC distribution shares to those shareholders.

#### 4.2.2 Rounding

If the application of the entitlement ratio would result in the aggregate number of PPC distribution shares to be distributed to a Barloworld ordinary shareholder not being a whole number, the relevant fraction will be rounded up to the nearest whole number if the fraction is equal to or greater than 0.5 of a PPC subdivided share, or PPC share, as the case may be; or rounded down to the nearest whole number if the fraction is less than 0.5 of a PPC subdivided share, or PPC share, as the case may be.

#### 4.3 Procedure for implementation of the unbundling

A general meeting of Barloworld shareholders will be held at 180 Katherine Street, Sandton, at 14:00 on Friday, 8 June 2007 to consider and, if deemed fit, pass, with or without modification, the resolutions required, and contained in the notice of general meeting (yellow) attached to and forming part of this circular, for the unbundling, proposed amendments to the share schemes and the grant of a general authority to make distributions to Barloworld ordinary shareholders out of share premium.

For the purpose of the unbundling:

- Barloworld ordinary shareholders holding certificated shares will be issued their respective PPC
  distribution shares in certificated form and share certificates will be posted, at the risk of the
  Barloworld ordinary shareholders concerned, by registered post, to the addresses reflected in
  the register on the record date. Such Barloworld ordinary shareholders are advised that they will
  have to dematerialise the PPC distribution shares received by them in certificated form, prior to
  trading in such shares on the JSE; and
- Barloworld ordinary shareholders holding dematerialised shares will have their respective PPC distribution shares credited to their accounts maintained by their CSDP or broker, as the case may be.

Documents of title in respect of Barloworld ordinary shares held are not required to be surrendered in order to receive the PPC distribution shares.

Barloworld ordinary shareholders resident outside South Africa must satisfy themselves as to the full observance of the laws of their country or territory of residence in relation to all aspects of this circular that may affect them, including the unbundling, as discussed in more detail in paragraph 8, as well as the Exchange Control Regulations, summarised in paragraph 15.

#### 4.4 Conditions precedent to the unbundling

- 4.4.1 The unbundling is subject to the fulfilment or, where applicable, waiver of the following conditions precedent on or before the finalisation date:
  - 4.4.1.1 the passing by the Barloworld shareholders at the general meeting of the special resolution necessary to implement the unbundling, namely special resolution number 1 contained in the notice of the general meeting, insofar as the passing of such special resolution is necessary to implement the unbundling;
  - 4.4.1.2 the passing by the Barloworld shareholders at the general meeting of the ordinary resolution necessary to implement the unbundling, namely ordinary resolution number 1 contained in the notice of the general meeting;
  - 4.4.1.3 the registration by the Registrar of the special resolution referred to in paragraph 4.4.1.1, if applicable; and
  - 4.4.1.4 the Barloworld board resolves to distribute the PPC distribution shares in the entitlement ratio and the entitlement ratio is released on SENS.
- 4.4.2 The Barloworld board may at any time, in its discretion, waive the fulfilment of the conditions referred to in paragraphs 4.4.1.1 and 4.4.1.3 on or before the finalisation date.

#### 4.5 Implementation of the unbundling

- 4.5.1 If the conditions precedent referred to in paragraph 4.4 are fulfilled or, where applicable, waived on or before Thursday, 5 July 2007:
  - 4.5.1.1 the record date will be Friday, 13 July 2007; and
  - 4.5.1.2 all of the PPC distribution shares will on Monday, 16 July 2007 be distributed to Barloworld ordinary shareholders recorded in the register at the close of business on Friday, 13 July 2007, in the entitlement ratio.
- 4.5.2 Barloworld ordinary shareholders holding certificated shares will be issued their respective PPC distribution shares in certificated form and share certificates will be posted, at the risk of the Barloworld ordinary shareholders concerned, by registered post, on Monday, 16 July 2007, to the addresses reflected in the register on the record date. Such Barloworld ordinary shareholders are advised that they will have to dematerialise the PPC distribution shares received by them in certificated form, prior to trading in such shares on the JSE. Barloworld ordinary shareholders holding dematerialised shares will have their accounts at their CSDP or broker updated on Monday, 16 July 2007.
- 4.5.3 If the conditions precedent referred to in paragraph 4.4 above are fulfilled or, where applicable, waived after the finalisation date, the dates referred to above will change. Any such change will be released on SENS and published in the press.

#### 4.6 SRP dispensation

The SRP has exempted the Company from having to comply with Rules 3.1 and 22.1 of the SRP Code, which, in brief, exempts the Barloworld board from having to obtain a "fair and reasonable opinion" in respect of the unbundling and having to disclose such advice.

## 5. FINANCIAL EFFECTS

The illustrative *pro forma* financial effects set out below have been prepared to assist Barloworld shareholders to assess the impact of the unbundling on the EPS, HEPS, NAV and TNAV per Barloworld ordinary share. The material assumptions are set out in the notes following the table. Due to the nature of the *pro forma* financial effects, they may not fairly present the Barloworld Group's financial position after the unbundling, nor the effect on the Barloworld Group's future earnings. The *pro forma* financial effects are the responsibility of the Barloworld board and are provided for illustrative purposes only.

#### Impact on Barloworld

	Barloworld before the unbundling (cents)	Barloworld after the unbundling (cents)	Change (%)
EPS	390'	325²	(17)
HEPS	467¹	4042	(13)
NAV per share	6 194³	5 081 <del>1</del>	(18)
TNAV per share	4 803³	3 8864	(19)

#### Impact on Barloworld ordinary shareholders

	Barloworld before the unbundling (cents)	Barloworld after the unbundling (cents)	PPC earnings/ value per Barloworld share (cents)	Barloworld after unbundling and PPC values combined (cents)	Change (%)
EPS	3901	325²	2025	527	357
HEPS	4671	404²	201 <sup>5</sup>	605	30 <sup>7</sup>
NAV per share	6 194³	5 081⁴	615 <sup>6</sup>	5 696	(8)
TNAV per share	4 803³	3 886⁴	620 <sup>6</sup>	4 506	(6)

#### Notes:

- The EPS and HEPS, as set out in the "Barloworld before the unbundling" column of the table, have been extracted from the
  reviewed condensed financial statements of the Barloworld Group for the six months ended 31 March 2007 and have been
  calculated based on a fully converted weighted average of 201 686 000 Barloworld ordinary shares in issue.
- The EPS and HEPS, as set out in the "Barloworld after the unbundling" column of the table, have been calculated on the earnings of the Barloworld Group excluding PPC, based on a weighted average of 201 686 000 Barloworld ordinary shares in issue.
- 3. The NAV and TNAV per Barloworld ordinary share, as set out in the "Barloworld before the unbundling" column of the table, have been extracted from the reviewed condensed financial statements of the Barloworld Group for the six months ended 31 March 2007 and calculated based on 203 345 000 Barloworld ordinary shares in issue at 31 March 2007.
- 4. The NAV and TNAV per Barloworld ordinary share, as set out in the "Barloworld after the unbundling" column of the table, have been calculated on the balance sheet of the Barloworld Group, excluding PPC, based on 203 345 000 Barloworld ordinary shares in issue at 31 March 2007.
- 5. The EPS and HEPS, as set out in the "PPC earnings/value per Barloworld share" column of the table, have been calculated on the reviewed earnings of PPC for the six months ended 31 March 2007, based on a weighted average of 385 284 310 PPC subdivided shares and the provisional entitlement ratio.
- The NAV and TNAV, as set out in the "PPC earnings/value per Barloworld share" column of the table, have been calculated on the reviewed balance sheet of PPC at 31 March 2007, based on 385 284 310 PPC subdivided shares and the provisional entitlement ratio.
- 7. The increase in EPS and HEPS is caused by the estimated initial gain on the write up to market value of the PPC shares retained by Barloworld for purposes of funding Barloworld's commitment to optionholders (refer to Annexure 2 note 2(c)). Subsequent fair value adjustments of the shares is expected to, over time, be offset by fair value adjustments of the liabilities in respect of the share option scheme.

The complete *pro forma* financial information of the Barloworld Group for the six months ended 31 March 2007 is set out in Annexure 2 in order to illustrate the impact of the unbundling on the reported financial information of the Barloworld Group had the unbundling occurred on 1 October 2006 for income statement purposes and on 31 March 2007 for balance sheet purposes. The *pro forma* financial information does not constitute a representation of the future financial position or performance of the Barloworld Group after the implementation of the unbundling and is provided for illustrative purposes only. The reporting accountants' report on the *pro forma* financial effects and *pro forma* financial information is contained in Annexure 3.

#### 6. SHARE OPTION SCHEME

- **6.1** Barloworld's share scheme has two components:
  - · the share option scheme; and
  - the share purchase scheme.
- 6.2 The share option scheme enables Barloworld to award options over its ordinary shares to selected employees of the Barloworld Group worldwide. The share purchase scheme provides for loans to be advanced to optionholders in order to fund the Barloworld ordinary shares acquired in terms of the share option scheme. The schemes were designed to focus management performance on creating shareholder value. The current rules of the share schemes do not make specific provision for transactions of the nature of the unbundling.
- 6.3 The Barloworld board is of the view that optionholders should not be advantaged or prejudiced by the unbundling, and should be placed in a position after the unbundling that leaves them as close as possible to the position that they find themselves in prior to the unbundling. As a result of the terms and conditions of the share schemes, the unbundling will have a substantial negative effect on the optionholders. Accordingly, the directors have proposed the following:
  - each optionholder be offered options to acquire such number of shares in PPC as the
    optionholder would have been entitled to receive for each one Barloworld ordinary share which
    is the subject of his existing options ("the related Barloworld share") as if he had been the holder
    of the related Barloworld share on the record date ("the PPC options");
  - that existing share option exercise prices be reset and the exercise prices to be applied to the PPC options should be determined in such a manner that the optionholder is placed in a position where the intrinsic value of his current options is retained to the best extent possible;
  - that existing loans owing under the share purchase scheme be apportioned to reflect the relative values of the underlying Barloworld and PPC shares, respectively; and
  - that PPC employees who cease to be employees of the Barloworld Group as a result of the
    unbundling will be permitted to remain on the share schemes until all PPC optionholders'
    existing options have been exercised or have lapsed, provided that appropriate compensation is
    received by Barloworld from PPC for the cost incurred by it in retaining these employees on the
    share scheme (no further options or loans will be granted to these employees).
- **6.4** At the last practicable date, there were 4 268 617 Barloworld options that were either unvested or vested but not exercised. Of these, 507 574 are held by employees of PPC who will cease to be employees of the Barloworld Group as a result of the unbundling.
- 6.5 Participants of the share schemes who remain employed by the Barloworld Group after the unbundling and persons to whom such employees have in terms of the share option scheme ceded their options will be offered the opportunity to elect prior to the unbundling not to receive PPC options, but rather to proportionally increase the number of Barloworld share options instead, at an exercise price determined according to the principles whereby optionholders are neither advantaged nor prejudiced, as set out in paragraph 6.3.
- 6.6 A subsidiary of Barloworld will retain approximately 7 920 420 PPC subdivided shares, or 792 042 PPC shares, as the case may be, in order to enable it to meet what is expected to be Barloworld's commitment to optionholders.

- 6.7 In order to give effect to these proposals, the rules of the share option scheme require amendment. If ordinary resolution number 3 contained in the notice of general meeting attached to this circular is passed, the Barloworld board will be authorised to amend the share option scheme to enable directors to vary the price of existing options, grant new options in an unbundled company or grant additional options in Barloworld in the event of an unbundling. In these circumstances the auditors of Barloworld are required to certify that optionholders are not prejudiced or given benefits beyond those prevailing prior to the unbundling. If ordinary resolution number 3 is passed, it will also authorise the Barloworld board to amend the share option scheme to permit an adjustment of the number of shares that are the subject of any option and/or the purchase price thereof shall be adjusted in such manner as the Company's auditors determine to be appropriate in making such determination in the case of a declaration and payment of a special dividend.
- 6.8 In addition, further changes to the rules of the share option and share purchase schemes are required following recent changes to accounting regulations and income tax legislation, in particular the requirement to expense share-based payments in terms of IFRS and the introduction of section 8C of the Income Tax Act. These changes are contained in ordinary resolutions numbers 4 and 5, respectively.
- 6.9 If ordinary resolution number 4 is passed, the Barloworld board will be authorised to amend the share option scheme to permit the directors of subsidiary companies to award Barloworld options to their employees. If ordinary resolution number 5 is passed, the Barloworld board will be authorised to amend the share purchase scheme to enable the directors to extend the period for the repayment of the loans under the share purchase scheme to one year after the termination of employment with the Barloworld Group for any reason whatsoever, other than death. In addition, ordinary resolution number 5 permits the trust to acquire shares at market value and to sell them to employees to meet commitments of the share purchase scheme and to purchase call options over the shares to protect the trust against losses. It also enables the trustees of the trust to allocate the income and expenses of the trust to Barloworld and its subsidiaries, provided that such allocation is reasonable, thereby ensuring the allocation of losses and expense to the incomeening subsidiary companies that employ the optionholders.

## 7. WORKING CAPITAL STATEMENT

The directors are of the opinion and have reasonable grounds for believing that, subsequent to the unbundling, the working capital available to the Barloworld Group will be sufficient for its requirements and will remain sufficient for the 12 months following the date of issue of this circular, and specifically, the directors, having considered the effect of the unbundling, are of the opinion that:

- the Barloworld Group will be able in the ordinary course of business to pay its debts for a period of 12 months after the date of issue of this circular;
- the assets of the Barloworld Group will be in excess of the liabilities of the Barloworld Group for a
  period of 12 months after the date of issue of this circular. For this purpose, the assets and liabilities
  should be recognised and measured in accordance with the accounting policies used in the latest
  audited annual Barloworld Group financial statements;
- the share capital and reserves of the Barloworld Group will be adequate for the ordinary business purposes for a period of 12 months after the date of issue of this circular; and
- the working capital of the Barloworld Group will be adequate for the ordinary business purposes of the Barloworld Group for a period of 12 months after the date of issue of this circular.

#### 8. FOREIGN SHAREHOLDERS

The unbundling may be affected by the laws of the relevant jurisdictions of foreign shareholders. Such foreign shareholders should inform themselves about and observe any applicable legal requirements of such jurisdictions in relation to all aspects of this circular that may affect them, including the unbundling. It is the responsibility of any foreign shareholder to satisfy himself as to the full observation of the laws and regulatory requirements of the relevant jurisdiction in connection with the unbundling, including the obtaining of any governmental, exchange control or other consents or the making of any filings which may be required, the compliance with other necessary formalities, the payment of any issue, transfer or

other taxes or other requisite payments due to such jurisdiction. The unbundling is governed by the laws of South Africa and is subject to any applicable laws and regulations, including the Exchange Control Regulations. Any Barloworld ordinary shareholder who is in doubt as to his position, including, without limitation, his tax status, should consult an appropriate independent professional advisor in the relevant jurisdiction without delay.

If Barloworld is advised by a foreign shareholder that because of the laws of the jurisdiction of that shareholder, he is unable to receive any of the PPC distribution shares to be distributed to him, or Barloworld is not entitled to distribute any of the PPC distribution shares to a foreign shareholder because of the laws of the jurisdiction of that shareholder, then Barloworld may instruct its transfer secretaries in South Africa to dispose of the relevant PPC distribution shares on behalf of the relevant foreign shareholder as expeditiously as possible post the unbundling and upon receipt of notification by the foreign shareholder, and pay the proceeds of such disposal to the foreign shareholder in cash in Rand (net of costs and duties) derived from such disposal. Dematerialised shareholders should notify their CSDP if they are unable to receive the PPC distribution shares by no later than Friday, 6 July 2007 and certificated shareholders should notify the appropriate transfer secretary by no later than Friday, 13 July 2007.

The PPC distribution shares will not be registered with the US Securities and Exchange Commission ("SEC") under the US Securities Act of 1933, as amended, or any US state securities laws. Neither the SEC nor any US federal or state securities commission has registered, approved or disapproved the PPC distribution shares or passed comment or opinion upon the accuracy or adequacy of this document. Any representation to the contrary is a criminal offence in the US.

Barloworld ordinary shareholders and/or holders of Barloworld ADRs who are citizens or residents of the US are advised that the PPC distribution shares have not been and will not be registered under the US Securities Exchange Act of 1934, as amended. PPC has obtained an exemption from the registration and reporting requirements of Section 12(g) of the US Securities Exchange Act in reliance on Rule 12g3-2(b) thereunder. Pursuant to such exemption, PPC will comply with the information supplying requirements of Rule 12g3-2(b), which requires PPC to furnish to the SEC information that: (i) it has made or is required to make public in South Africa; (ii) it has filed or is required to file with a stock exchange on which its securities are traded and which was made public by such exchange; and (iii) it has distributed or is required to distribute to its security holders. Information that is furnished to the SEC by PPC may be obtained from the public reference facilities maintained by the SEC in Washington, DC at prescribed rates.

Barloworld intends to distribute PPC distribution shares to the Barloworld ordinary shareholders who are citizens or residents of the US. Holders of Barloworld ADRs should consult their Depositary Bank to determine their entitlement to any of the PPC distribution shares. PPC does not currently have an ADR programme in place, and the Barloworld board has been informed by PPC that PPC does not intend to adopt an ADR programme following the unbundling.

#### 9. TAXATION CONSIDERATIONS REGARDING THE UNBUNDLING

#### 9.1 Introduction

This summary of the taxation implications of the unbundling serves as a general guide and is not intended to constitute a complete analysis of the tax consequences under South African tax law to Barloworld ordinary shareholders as a result of the unbundling. It is not intended to be, nor should it be considered to be, legal or tax advice. Barloworld ordinary shareholders should, therefore, consult their own tax advisors about the tax consequences of the unbundling on their personal tax positions. Barloworld and PPC and their respective advisors will not be responsible for the tax consequences of the unbundling on Barloworld ordinary shareholders under South African law, laws of the jurisdiction of their residence, and any tax treaty between South Africa and their country of residence.

The unbundling by Barloworld will, for tax purposes, be effected in terms of section 46 of the Income Tax Act. The South African tax implications for Barloworld and the Barloworld ordinary shareholders have been summarised below to the extent that the unbundling falls within the ambit of section 46 of the Income Tax Act.

#### 9.2 Tax considerations for Barloworld

In terms of section 46 of the Income Tax Act, the unbundling will have the following tax implications for Barloworld:

- 9.2.1 The distribution of the PPC distribution shares will be deemed not to be a dividend for STC purposes in terms of section 64B of the Income Tax Act except to the extent that shares are distributed to a non-qualifying shareholder as described in paragraph 4.2.1. To the extent that the distribution is made to Barloworld ordinary shareholders (other than the non-qualifying shareholders), Barloworld will not become liable for STC as a result of the unbundling.
- 9.2.2 Barloworld must disregard the distribution of the PPC distribution shares for purposes of determining its taxable income or assessed loss, except to the extent that shares are distributed to a non-qualifying shareholder as described in paragraph 4.2.1. To the extent that the distribution is made to Barloworld ordinary shareholders (other than the non-qualifying shareholders), Barloworld will not become liable for CGT or income tax as a result of the unbundling.

#### 9.3 South African tax considerations for Barloworld ordinary shareholders

In terms of section 46 of the Income Tax Act, the unbundling will have the following South African tax implications for Barloworld ordinary shareholders:

- 9.3.1 Any PPC distribution shares acquired by a Barloworld ordinary shareholder that is a company in terms of the unbundling must be deemed not to be a dividend accrued to such company for the purposes of section 64B(3) of the Income Tax Act. Consequently, no STC credits will be allowable to Barloworld ordinary shareholders as a result of the unbundling.
- 9.3.2 A Barloworld ordinary shareholder acquiring PPC distribution shares in terms of the unbundling must be deemed to have acquired the Barloworld ordinary shares and the PPC distribution shares at a cost equal to:
  - where the Barloworld ordinary shares were held by that shareholder as trading stock, the
    amount taken into account by the shareholder in respect of those Barloworld ordinary shares,
    as contemplated in section 11(a), section 22(1), or section 22(2) of the Income Tax Act; or
  - · where the Barloworld ordinary shares were held by that shareholder as capital assets, the expenditure in respect of those shares allowable in terms of paragraph 20 of the Eighth Schedule to the Income Tax Act, or, where applicable, the market value of those shares determined by that shareholder as contemplated in paragraph 29(4) of the Eighth Schedule to the Income Tax Act. Barloworld ordinary shareholders, who acquired their Barloworld ordinary shares before 1 October 2001, may adopt (in certain circumstances) the market value of the Barloworld ordinary shares at 1 October 2001 as the base cost for CGT purposes ("valuation date value"). The valuation date value contemplated in terms of this paragraph is the price published by the Commissioner for the South African Revenue Service in the Government Gazette, being the aggregate value of all transactions in Barloworld ordinary shares traded on the JSE during the 5 business days preceding 1 October 2001, divided by the total quantity of Barloworld ordinary shares traded during the same period. Such published value is R47,74 in respect of each Barloworld ordinary share. The base cost of Barloworld ordinary shares acquired on or after 1 October 2001 is the expenditure actually incurred in respect of or directly related to the cost of acquisition of such Barloworld ordinary shares allowable in terms of paragraph 20 of the Eighth Schedule to the Income Tax Act.
- 9.3.3 A Barloworld ordinary shareholder must determine the portion of the cost, as contemplated in paragraph 9.3.2 above, attributable to the PPC distribution shares as follows:

 $A \times [B/(B + C)];$ 

where:

- A = total cost/valuation date value (as per paragraph 9.3.2 above);
- B = the "market value" of all PPC distribution shares received in respect of that Barloworld ordinary share in terms of the unbundling; and
- C = the "market value" of Barloworld ordinary shares, in respect of which the PPC distribution shares in "B" were received.

(Such "market values" shall be determined as at the close of business the day after the unbundling date.)

- 9.3.4 Such apportioned cost or valuation date value, as the case may be, as contemplated in paragraph 9.3.3, must be treated by that Barloworld ordinary shareholder as:
  - an amount to be taken into account by that shareholder in respect of those PPC distribution shares for the purposes of section 11(a), section 22(1) or section 22(2) of the Income Tax Act, where such shareholder held the Barloworld ordinary shares as trading stock and acquired those PPC distribution shares as trading stock; or
  - expenditure actually incurred by that shareholder in respect of those PPC distribution shares for the purposes of paragraph 20 of the Eighth Schedule to the Income Tax Act or as the valuation date value adopted by that shareholder as contemplated by paragraph 29(4) of the Eighth Schedule, where such shareholder held the Barloworld ordinary shares as capital assets and acquired those PPC distribution shares as capital assets.
- 9.3.5 A Barloworld ordinary shareholder must determine the portion of the cost or valuation date value, as the case may be, as contemplated in paragraph 9.3.2, attributable to the Barloworld ordinary shares by reducing that cost or, where applicable, valuation date value, by the amount attributable to the PPC distribution shares determined in terms of paragraph 9.3.3.
- 9.3.6 A Barloworld ordinary shareholder's shares and those PPC distribution shares acquired pursuant to the unbundling must be deemed to be the same shares in respect of the date of acquisition of such Barloworld ordinary shares and the date of incurring of any expenditure in respect of such Barloworld ordinary shares.
- 9.3.7 Where a Barloworld ordinary shareholder, who holds Barloworld ordinary shares as a result of the exercise by that shareholder of a right contemplated in section 8A of the Income Tax Act, receives PPC distribution shares pursuant to the unbundling, a portion of any gain made by that shareholder in the exercise of that right to acquire those Barloworld ordinary shares must be included in the income of that shareholder:
  - in the year of assessment during which that shareholder becomes entitled to dispose of such PPC distribution shares acquired, which portion shall be calculated as follows:

 $A \times [B / (B + C)];$ 

where:

- A = the gain previously made in exercising the right to acquire the said Barloworld ordinary shares;
- B = the "market value" of all PPC distribution shares received in respect of that Barloworld ordinary share in terms of the unbundling; and
- C = the "market value" of Barloworld ordinary shares in respect of which the PPC distributions shares in "B" were received.

(Such "market values" shall be determined as at the close of business the day after the unbundling date.)

- 9.3.8 In the year of assessment during which a Barloworld ordinary shareholder, as contemplated in paragraph 9.3.7, becomes entitled to dispose of the Barloworld ordinary shares, the portion of any such gain to be included in the income of that shareholder shall be calculated by reducing such gain by the amount which has been determined or is to be determined in respect of the PPC distribution shares in terms of paragraph 9.3.7.
- 9.3.9 The unbundling will be exempt from the payment of Stamp Duty or Uncertificated Securities Tax on the registration of the transfer of those PPC distribution shares into the names of the Barloworld ordinary shareholders in terms of Item 15(3)(x)(v) of Schedule 1 of the Stamp Duties Act and from uncertificated securities tax in terms of section 6(b)(ix)(ee) of the Uncertificated Securities Tax Act on the change of beneficial ownership of the PPC distribution shares in favour of the Barloworld ordinary shareholders.

## 9.4 Certain material US federal income tax considerations for US Barloworld ordinary shareholders

#### 9.4.1 Introduction

The following is a general discussion of certain material US federal income tax consequences of the unbundling to a Barloworld ordinary shareholder (including a holder of

Barloworld ADRs) that is a US Shareholder (as described below). This discussion is based on the provisions of the Internal Revenue Code of 1986, as amended (the "IRC"), final, temporary and proposed US Treasury Regulations, and administrative and judicial rulings and interpretations of the IRC and US Treasury Regulations, all as in effect on the last practicable date, and all of which are subject to change, possibly with retroactive effect.

This discussion has no binding effect and Barloworld cannot assure US Shareholders (as described below) that the conclusions reached below would be sustained by a court if challenged by the US Internal Revenue Service.

For purposes of this US federal income tax discussion, a "US Shareholder" is a Barloworld ordinary shareholder, or a holder of Barloworld ADRs, that is: a US citizen; an individual resident in the US for US federal income tax purposes; a corporation or other entity taxable as a corporation, organised under the laws of the US or of any US state or the District of Columbia; an estate the income of which, for US federal income tax purposes, is includible in its gross income without regard to its source; a trust, if either: a US court is able to exercise primary supervision over the administration of the trust and one or more US persons have the authority to control all the substantial decisions of the trust, or the trust has a valid election in effect under applicable US Treasury Regulations to be treated as a US person.

This discussion does not deal with all aspects of US federal income taxation that may be relevant to particular US Shareholders in light of their particular circumstances, or to US Shareholders subject to special rules, including, without limitation, insurance companies, financial institutions, broker-dealers, persons subject to the US alternative minimum tax, regulated investment companies; and US Shareholders that own their Barloworld ordinary shares or ADRs as part of a "straddle", "synthetic security", "hedge", "conversion transaction" or other integrated investment. In addition, this discussion does not address any US state, local, estate, or non-US tax laws, does not consider the tax treatment of persons who own Barloworld ordinary shares or ADRs through a partnership or other pass-through entity, and deals only with Barloworld ordinary shares or ADRs held as "capital assets" as defined in Section 1221 of the IRC.

#### 9.4.2 US Federal Income Tax implications of the unbundling

In the unbundling, US Shareholders will be taxed by the US as if they had received a cash distribution equal to the full fair market value of the PPC distribution shares they receive. Such distribution will be taxed: (1) as a dividend to the extent of the US Shareholder's pro rata share of Barloworld's current or accumulated "earnings and profits"; (2) as a non-taxable return of capital to the extent of the US Shareholder's US tax basis in the Barloworld ordinary shares or ADRs; and finally (3) as capital gain with respect to the remaining value. To the extent the unbundling is taxed as a non-taxable return of capital, such distribution will reduce a US Shareholder's US tax basis in its Barloworld ordinary shares or ADRs. Each US Shareholder's US tax basis in the shares of PPC will equal the fair market value of such shares at the time of the unbundling.

The bank depository for the Barloworld ADRs may, instead of distributing the shares of PPC received in the unbundling, sell such shares of PPC and then distribute the cash proceeds to US Shareholders who hold Barloworld ADRs. US Shareholders who hold Barloworld ADRs may recognise additional taxable income or loss in connection with such disposition and distribution. US Shareholders of Barloworld ADRs should consult with their tax advisors regarding the particular tax consequences of the unbundling and their potential receipt of cash in lieu of PPC distribution shares.

#### 9.4.3 Dividends and "qualified dividends"

Barloworld believes it may have sufficient current or accumulated "earnings and profits" within the meaning of the US tax laws to cause the entire distribution of PPC distribution shares to be taxed to US Shareholders as a dividend for US tax purposes. However, Barloworld is not a US taxpayer and has not undertaken an accounting or tax calculation of its earnings and profits under US tax laws. As a result, Barloworld cannot assure US Shareholders that the unbundling will necessarily be taxable in the US as a dividend.

US Shareholders that are individuals currently are subject to a maximum US federal income tax rate on "qualified dividends" of 15%; however, various holding period requirements and other limitations are applicable. Dividends that are not "qualified dividends" are taxed at ordinary graduated US income tax rates, with a maximum individual rate of 35%. In addition to other requirements and limitations which must be met in order for the unbundling to be a "qualified dividend," the unbundling will not be a "qualified dividend" if Barloworld is a "passive foreign investment company" (a "PFIC"). In general, Barloworld will be a PFIC if 75% or more of its gross income in a taxable year is "passive income," or if 50% or more of its assets in a taxable year (averaged over the taxable year) are held for the production of, or actually produce, "passive income," as such terms are defined in the IRC. Based on an analysis of its income and assets in 2006, Barloworld believes that in 2006 it was not a PFIC, and it does not expect to become a PFIC in 2007. Nonetheless, Barloworld's status under the PFIC rules depends upon its income and assets from time to time during each year, and is dependent on a number of factors, some of which are beyond its control, including the value of its assets, the market price of its shares, and the amount and type of its gross income. As a result, Barloworld cannot assure US Shareholders that it is not currently a PFIC or that it will not become a PFIC in the future, nor can Barloworld assure US Shareholders that the US Internal Revenue Service will agree with its conclusion regarding its current or future PFIC status. If Barloworld were to be treated as a PFIC in 2007, as noted above the unbundling would not be a "qualified dividend" for US Shareholders. In addition, the PFIC rules would likely impose significant additional taxes and interest charges on US Shareholders as a result of the unbundling, and other adverse US tax consequences would likely arise in connection with the ownership of Barloworld ordinary shares. US Shareholders are urged to consult with their tax advisors regarding the tax consequences of the unbundling and of ownership of Barloworld ordinary shares if Barloworld were determined to be a PFIC.

#### 10. DIRECTORS' OPINION AND RECOMMENDATIONS

The directors are of the opinion that the unbundling has a sound business rationale and will be to the benefit of Barloworld ordinary shareholders and recommend that Barloworld shareholders entitled to vote at the general meeting vote in favour of all the resolutions necessary to implement the unbundling, proposed amendments to the share schemes and to grant a general authority to make distributions to Barloworld ordinary shareholders out of share premium account.

The directors intend to vote their respective shares in Barloworld in favour of all the abovementioned resolutions, save that they will not vote on the resolutions relating to the amendments to the share schemes in which they have an interest.

#### 11. AUTHORITY TO MAKE DISTRIBUTIONS FROM SHARE PREMIUM

It is intended that the Barloworld interim dividend will be made prior to the unbundling. It is expected that the Barloworld interim dividend will be made out of share premium, if any. This is the reason that an ordinary resolution for a general approval to make distributions out of Barloworld's share premium account is being proposed at the general meeting. To the extent to which there is any share premium on the unbundling date, such share premium will, following the unbundling, be reduced to nil and the distribution of the PPC distribution shares will, for the purposes of section 46 of the Income Tax Act, be deemed to be distributed first from Barloworld's share premium.

Details of the payment of the Barloworld interim dividend will be released on SENS. Insofar as Barloworld's share premium account is reduced pursuant to the payment of the Barloworld interim dividend, at the time that the payment is made:

- the Barloworld Group will be able in the ordinary course of business to pay its debts for a period of 12 months after the date of the notice of the general meeting;
- the assets of the Barloworld Group will be in excess of the liabilities of the Barloworld Group for a
  period of 12 months after the date of the notice of the general meeting. For this purpose, the assets
  and liabilities will be recognised and measured in accordance with the accounting policies used in the
  latest audited annual Barloworld Group financial statements;

- the share capital and reserves of the Barloworld Group will be adequate for the ordinary business purposes for a period of 12 months after the date of the notice of the general meeting; and
- the working capital of the Barloworld Group will be adequate for the ordinary business purposes of the Barloworld Group for a period of 12 months after the date of the notice of the general meeting.

#### 12. NOTICE OF GENERAL MEETING

The general meeting of Barloworld shareholders will be held at 180 Katherine Street, Sandton, at 14:00 on Friday, 8 June 2007 to consider and, if deemed fit, pass, with or without modification, the resolutions required in order to implement the unbundling, proposed amendments to the share schemes and to grant a general authority to make distributions to Barloworld ordinary shareholders out of share premium.

A notice convening the general meeting (yellow) and a form of proxy (blue) for use by Barloworld shareholders holding certificated shares and Barloworld shareholders holding dematerialised shares with "own-name" registration who are unable to attend the general meeting are attached to and form part of this circular. A duly completed form of proxy (blue) must be received by the transfer secretaries by no later than 14:00 on Wednesday, 6 June 2007. Dematerialised shareholders without "own-name" registration are referred to page 2 of this circular concerning actions required by Barloworld shareholders.

In accordance with the Listings Requirement of the JSE, Barloworld shares held by the trust will not have any votes cast by it at the general meeting taken into account for Listings Requirement resolution approval purposes.

The directors will not vote their respective shares in Barloworld on the resolutions relating to the amendments to the share schemes in which they have an interest.

As at the last practicable date, the PPC distribution shares do not constitute the greater part of Barloworld's assets. However, if the PPC distribution shares as at the unbundling date do constitute the greater part of Barloworld's assets, the PPC distribution shares may only be distributed to the Barloworld ordinary shareholders with the approval of a general meeting of Barloworld. This is required by section 228 of the Companies Act. Since the unbundling in any event needs to be approved by Barloworld in general meeting by the passing of an ordinary resolution in terms of the articles and the Listings Requirements of the JSE (because the unbundling constitutes a payment under section 90 of the Companies Act), it is academic as the Companies Act presently stands whether or not the PPC distribution shares constitute the greater part of the assets of Barloworld.

However, section 228 of the Companies Act will be amended by the Corporate Laws Amendment Act, No. 24 of 2006 ("the Amendment Act"), to the effect that a special resolution will be required to dispose of the whole or greater part of the assets of a company. The Amendment Act has not come into operation yet. But it may come into operation on or before the unbundling date, and, similarly, as at the unbundling date, the PPC distribution shares may constitute the greater part of the assets of Barloworld. It is to cater for these two eventualities that special resolution number 1 is being proposed. If the Amendment Act does not come into operation on or before the unbundling date, special resolution number 1 will fall away and be of no force and effect.

- ever been found guilty in disciplinary proceedings, by an employer or regulatory body, due to dishonest activities:
- · ever been barred from entry into a profession or occupation; and/or
- ever been convicted in any jurisdiction of any criminal offence or an offence under legislation.

#### 13.19 Special arrangements

No agreement, arrangement or understanding (including any compensation arrangement) exists between the Company or any person acting in concert with it and any of the directors of Barloworld or persons who were directors within the period commencing 12 months prior to the last practicable date, or holders of Barloworld shares or persons who were holders thereof within the period commencing 12 months prior to the last practicable date, having any connection with or dependence upon the unbundling, other than as discussed in this circular.

## 14. INFORMATION RELATING TO PPC

#### 14.1 Recent history and nature of business

Pretoria Portland Cement Company Limited was established in 1892 as *De Eerste Cement Fabrieken Beperkt* and listed on the JSE, South Africa in 1910 and the Zimbabwe Stock Exchange in 2001. Barloworld controlled 71.67% of PPC at the last practicable date.

The history of the company is closely linked to the infrastructural growth and development of South Africa. PPC has produced cement for many of the country's most famous landmarks and construction projects, including the Union Buildings, the Huguenot Tunnel and much of southern Africa's infrastructure.

PPC is the leading supplier of cement in southern Africa; its nine manufacturing facilities in South Africa, Zimbabwe and Botswana have capacity to produce 6.9 million tonnes of cementitious products per annum.

#### 15. EXCHANGE CONTROL CONSIDERATIONS

The following guidelines are not a comprehensive statement of the Exchange Control Regulations. Barloworld ordinary shareholders who have any doubt as to the action they must take, should consult their professional advisors.

In the case of Barloworld ordinary shareholders whose registered addresses in the register are outside the common monetary area, the following will apply in respect of the unbundling:

#### 15.1 Emigrants from the common monetary area

Share certificates in respect of PPC distribution shares issued to any emigrant Barloworld ordinary shareholder in terms of the unbundling will be restrictively endorsed and deposited with the authorised dealer controlling such emigrant's blocked assets. In terms of the Exchange Control Regulations, such PPC distribution shares are not freely transferable from the common monetary area. The CSDP or broker will ensure that all requirements of Exchange Control are adhered to in respect of their clients falling into this category of investor.

#### 15.2 All other non-residents of the common monetary area

Barloworld ordinary shareholders who are not resident in the common monetary area whose documents of title are endorsed "non-resident" will receive share certificates in respect of PPC distribution shares similarly endorsed. The CSDP or broker will ensure that all requirements of Exchange Control are adhered to in respect of their clients falling into this category of investor.

#### 16. GENERAL

#### 16.1 Experts' consents

The investment bank and sponsor, the attorneys, the reporting accountants, tax advisors and independent auditors and the transfer secretaries have consented in writing to act in the capacities stated and to their names being included in this circular and have not withdrawn their consents prior to the publication of this circular.

#### 16.2 Directors' responsibility statement

The directors, whose names are given on page 11 of this circular, collectively and individually accept full responsibility for the accuracy of the information given in this circular and certify that, to the best of their knowledge and belief, there are no facts that have been omitted which would make any statement false or misleading, that they have made all reasonable enquiries to ascertain such facts and that this circular contains all information required by law and the Listings Requirements of the JSE.

#### 16.3 Litigation statement

The Barloworld Group is not involved in any legal or arbitration proceedings, nor are the directors aware of any proceedings which are pending or threatened, which may have or have had, in the 12 months preceding the last practicable date, a material effect on the Barloworld Group's financial position.

## TABLE OF ENTITLEMENT TO THE PPC SUBDIVIDED SHARES

The following table sets out the number of PPC distribution shares which Barloworld ordinary shareholders will receive in terms of the unbundling to the extent that the number of Barloworld ordinary shares held on the record date is not a multiple of 100. The table is based on the provisional entitlement ratio of 1.8555:1 referred to in paragraph 4.2(ii) in terms of which 385 284 310 PPC subdivided shares will be distributed, less those shares referred to in paragraph 4.2(ii).

## PRO FORMA FINANCIAL INFORMATION OF THE BARLOWORLD GROUP AFTER THE UNBUNDLING

Set out below are the unaudited *pro forma* income statement and balance sheet of the Barloworld Group, reflecting the financial effects of:

- · the unbundling;
- · the reversal of Barloworld Group entries related to PPC;
- · adjusting for non-recurring transactions related to the unbundling; and
- · adjusting for recurring transactions related to PPC and the unbundling,

based on the reviewed consolidated condensed financial statements of the Barloworld Group for the six months ended 31 March 2007.

The unaudited *pro forma* income statement and balance sheet are presented for illustrative purposes only and because of their nature may not give a fair reflection of the Barloworld Group's financial position, changes in equity and results of operations after the transactions. The unaudited *pro forma* income statement and balance sheet are the responsibility of the board.

In preparing the unaudited *pro forma* financial information it has been assumed that the Barloworld Group will meet all of the requirements in order for the unbundling to be effected in terms of section 46 of the Income Tax Act, which provides that the distribution of the PPC distribution shares must be disregarded for purposes of determining Barlowold's taxable income or assessed loss and will be deemed not to be a dividend for STC purposes.

#### Notes and assumptions:

- 1. The "Before the unbundling" financial information has been based on the Barloworld Group's published, reviewed and condensed consolidated income statements for the six month period ended 31 March 2007.
- 2. The unaudited pro forma income statement of the Barloworld Group has been prepared on the assumption that Barloworld unbundled 377 363 890 PPC subdivided shares as at 31 March 2007 with effect from 1 October 2006, which resulted in the:
  - (a) exclusion of the income statement of PPC for the six months ended 31 March 2007;
  - (b) the reversal of all Barloworld Group entries with PPC which includes the following:
    - · the reversal of inter-group transactions and unrealised profits for the six months ended 31 March 2007; and
    - · the reversal of the dividend paid to Barloworld;
  - (c) adjustment for non-recurring transactions related to the unbundling, including the following:
    - the acceleration of the IFRS 2 charge in the income statement for the Barloworld share options awarded to the employees of PPC; and
    - the gain on the revaluation (to market value of R475 per share) of 7 920 420 PPC subdivided shares retained by Barloworld for purposes of Barloworld's commitment to optionholders;
  - (d) adjustment for recurring transactions related to the unbundling including the following:
    - providing for the additional interest and tax due resulting from the loss of the PPC dividend by Barloworld and the
      revised Barloworld dividend payable based on a dividend cover of two times (calculated on HEPS but excluding special
      dividends). Pre-taxation borrowings rate of 9% is assumed, current tax at 29% and STC at 12.5%.

#### Notes and assumptions:

- The "Before the unbundling" financial information has been extracted from the Barloworld Group's reviewed, condensed and consolidated balance sheet as at 31 March 2007.
- The unaudited pro forma balance sheet of the Barloworld Group has been prepared on the assumption that the unbundling was effected on 31 March 2007, which resulted in the:
  - (a) exclusion of PPC's balance sheet as at 31 March 2007;
  - (b) reversal of the Barloworld Group entries as at 31 March 2007, which included:
    - reversing of the goodwill and the investment in PPC excluding 7 920 420 PPC subdivided shares retained as a financial asset which will be required to fund the Barloworld's commitment to optionholders;
    - 2. reversing the minority entries as at 31 March 2007; and
    - 3. reallocation of inter-group entries, unrealised profits and dividends paid/received between PPC and Barloworld;
  - (c) adjustment for non-recurring transactions related to the unbundling, including the following:
    - 1. the acceleration of the IFRS2 charge for share options awarded to PPC employees, accounted for directly in equity;
    - 2. the transaction costs incurred on the unbundling;
    - raising the liability (at market value) to optionholders for 7 920 420 PPC subdivided shares in terms of the share option scheme;
    - the revaluation (to market value of R475 per share) of the 7 920 420 PPC subdivided shares retained for purposes of funding Barloworld's commitment to optionholders; and
    - the re-imbursement of Barloworld by PPC for the liability in terms of the share options scheme relating to PPC employees;
  - (d) adjustment for recurring transactions related to the unbundling, including the following:
    - the additional borrowings raised due to the loss of the PPC dividend by Barloworld as well as the reduction of the Barloworld dividend in order to maintain a dividend cover of two times (excluding special dividends). Pre-taxation borrowings rate of 9% is assumed, current tax at 29% and STC at 12.5%.

## ACCOUNTANTS' REPORT ON THE PRO FORMA FINANCIAL INFORMATION

The Directors Barloworld Limited 180 Katherine Street 2196 Johannesburg

14 May 2007

Dear Directors

## INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON THE *PRO FORMA* FINANCIAL INFORMATION OF BARLOWORLD LIMITED ("BARLOWORLD")

We have performed our limited assurance engagement in respect of the *pro forma* financial information set out in paragraph 5 and Annexure 2 to the circular of Barloworld dated 17 May 2007 ("the circular") issued in connection with the unbundling of Pretoria Portland Cement Company Limited ("PPC") that is the subject of the circular. The *pro forma* financial information has been prepared in accordance with the Listings Requirements of the JSE Limited ("JSE"), for illustrative purposes only, to provide information about how the unbundling might have affected the reported historical financial information presented, had the corporate action been undertaken at the commencement of the period or at the date of the *pro forma* balance sheet being reported on.

#### Directors' responsibility

The directors are responsible for the compilation, contents and presentation of the *pro forma* financial information contained in the circular and for the financial information from which it has been prepared. Their responsibility includes determining that: the *pro forma* financial information has been properly compiled on the basis stated; the basis is consistent with the accounting policies of Barloworld; and the *pro forma* adjustments are appropriate for the purposes of the *pro forma* financial information disclosed in terms of the Listings Requirements of the JSE.

#### Reporting accountants' responsibility

Our responsibility is to express our limited assurance conclusion on the *pro forma* financial information included in the circular to Barloworld shareholders. We conducted our assurance engagement in accordance with the International Standard on Assurance Engagements applicable to *Assurance Engagements Other Than Audits or Reviews of Historical Financial Information and the Guide on Pro Forma Financial Information* issued by SAICA.

This standard requires us to obtain sufficient appropriate evidence on which to base our conclusion.

We do not accept any responsibility for any reports previously given by us on any financial information used in the compilation of the *pro forma* financial information beyond that owed to those to whom those reports were addressed by us at the dates of their issue.

#### Sources of information and work performed

Our procedures consisted primarily of comparing the unadjusted financial information with the source documents, considering the *pro forma* adjustments in light of the accounting policies of Barloworld, considering the evidence supporting the *pro forma* adjustments and discussing the adjusted *pro forma* financial information with the directors of Barloworld in respect of the corporate actions that are the subject of the circular. In arriving at our conclusion, we have relied upon financial information prepared by the directors of Barloworld and other information from various public, financial and industry sources. While our work has involved an analysis of the historical published audited financial information and other information provided to us, our assurance engagement does not constitute an audit or review of any of the underlying financial information conducted in accordance with *International Standards on Auditing or International Standards on Review Engagements* and accordingly, we do not express an audit or review opinion.

In a limited assurance engagement, the evidence-gathering procedures are more limited than for a reasonable assurance engagement and therefore less assurance is obtained than in a reasonable assurance engagement. We believe our evidence obtained is sufficient and appropriate to provide a basis for our conclusion.

#### Conclusion

Based on our examination of the evidence obtained, nothing has come to our attention, which causes us to believe that:

- the pro forma financial information has not been properly compiled on the basis stated;
- · such basis is inconsistent with the accounting policies of the issuer; and
- the adjustments are not appropriate for the purposes of the *pro forma* financial information as disclosed in terms of the Sections 8.17 and 8.30 Listings Requirements of the JSE.

#### 8. Accounting policies and comparative information

The Barloworld Group changed its accounting policy in the current year in respect of the treatment of actuarial gains and losses. In terms of the allowed treatment per IAS19 Employee Benefits, actuarial gains and losses are now recognised in full in the period in which they occur, outside profit or loss, in the Statement of Recognised Income and Expense.

In addition, the following new or revised Standards and Interpretations were adopted during the current year:

- IAS27 (Revised) Consolidated and Separate Financial Statements
- IFRS2 Share-based Payment
- IFRIC Interpretation 8 Scope of IFRS2
- AC503 Accounting for Black-Economic Empowerment Transactions
- IFRIC Interpretation 11 IFRS2 Group and Treasury Share Transactions
- The South African Institute of Chartered Accountants' Circular 9/2006 Transactions giving rise to adjustments to Revenue/Purchases
- IFRS6 Exploration for and Evaluation of Mineral Resources
- IFRIC Interpretation 5 Rights to Interests Arising from Decommissioning, Restoration and Environmental Rehabilitation Funds
- IFRIC Interpretation 6 Liabilities Arising from Participating in a Specific Market Waste Electrical and Electronic Equipment
- IFRIC Interpretation 7 Applying the Restatement Approach Under IAS29 Financial Reporting in Hyperinflationary Economies
- IFRIC Interpretation 9 Reassessment of Embedded Derivatives
- IFRIC Interpretation 10 Interim Financial Reporting and Impairment
- IAS21 (Revised) The effects of Changes in Foreign Exchange Rates

#### CONDENSED NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

for the year ended 30 September

## 9. Portland Holdings Limited ("Porthold")

The results of Porthold, a wholly-owned Zimbabwean subsidiary, have not been consolidated into the Barloworld Group results as at 30 September 2006.

There are significant constraints impacting on the normal operation of Porthold and the Barloworld board concluded that management does not have the ability to exercise effective control over the business. In view of the circumstances, the results of Porthold have continued to be excluded from the Barloworld Group results in the current year and have been accounted for on a fair value investment basis.

#### 10. Related party transactions

There has been no significant change in related party relationships since the previous year.

The disposal of the Steel Tube division (note 4) to a consortium including management and directors of Barloworld Robor (Proprietary) Limited is considered to be a related party transaction. An opinion has been obtained from an independent professional expert, approved by the JSE, that the transaction is fair and reasonable to Barloworld shareholders.

Other than in the normal course of business, there have been no other significant transactions during the year with associate companies, joint ventures and other related parties.

#### 11. Post-balance sheet events

Subsequent to the year end, the disposal of the UK Leasing assets has been concluded. The disposal of the Steel Tube Division has been approved by the competition authorities but is still subject to signature of the loan agreements.

# 12. Audit opinion

#### PPC CONDENSED NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

## 4. Asset classified as held for sale

5.

6.

During the 2004 financial year, PPC sold 75% of its share in Afripack (Proprietary) Limited ("Afripack"), to a black empowerment and management consortium. The purchase price was funded via PPC's subscription to redeemable preference shares and cash proceeds. Afripack continued to be consolidated into PPC's group results, in terms of IAS27 Revised (Consolidated and Separate Financial Statements) as PPC management continued to have effective control of Afripack until the preference shares are redeemed. The redemption is expected to be finalised during the next financial year.

In line with IFRS5 (Non-current assets held for sale and discontinued operations), due to the preference share redemption, Afripack has been consolidated as an asset classified as held-for-sale and comparative information has been not restated.

The results of Afripack as at 30 September 2006 were as follows:

	30 September 2006 Audited	30 September 2005 Audited Restated

## 9. Non-consolidation of Portland Holdings Limited ("Porthold")

The results of Porthold, a wholly-owned Zimbabwean subsidiary, have not been consolidated into the group as at 30 September 2006.

There are significant constraints impacting on the normal operation of Porthold and the board of directors of PPC concluded that management does not have the ability to exercise effective control over the business. In view of the circumstances, the results of Porthold have continued to be excluded from the PPC Group results in the current year and have been accounted for on a fair value investment basis.

The summarised results of Porthold, adjusted for hyperinflation and converted back to Rands were:

	30 September 2006	30 September <sup>*</sup> 2005
Revenue	409,5	305,7
Operating profit/(loss)	30,3	(13,3)
Loss before tax Tax	(34,0) (2,6)	(17,4) 12,4
Loss after tax	(31,4)	(29,8)
Total assets Total liabilities	972,0 322,9	1 033,9 348,5

The effect of not consolidating Porthold was to increase HEPS for the year by 59 cents (2005: increase by 55 cents) from 2 201 cents to 2 260 cents.

Porthold's results are reflected on a hyperinflated basis, converted to South African Rand at the interbank rate of exchange (ZWD 33.6 to ZAR).

<sup>\*</sup>Restated for the effects of applying hyperinflationary accounting.

#### PPC CONDENSED NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

#### 10. Basis of preparation

The PPC Group has adopted the following new or revised IFRSs' in the current period, which, except for those disclosed in note 12 below, did not have a material impact on the reported results:

IFRS2 Share-based payment; IAS27 (Revised) Consolidated financial statements and accounting for investments in subsidiaries:

IAS19 (Revised) Employee Benefits; IFRS 6 Exploration for and evaluation of mineral resources; IFRIC8;

IFRIC5 Rights to interests arising from decommissioning, restoration and environmental rehabilitation funds;

IFRIC6 Liabilities arising from participating in a specific market - waste, electrical and electronic equipment; and

IFRIC7 Applying the restatement approach under IAS29 financial reporting in hyperinflationary economies and IFRIC9 Reassessment of embedded derivatives.

## 11. Comparative information

The PPC Group has restated the comparative information for the effects of adopting IFRS2 (Share-based

The aggregate effect of the above restatement is as follows:

	Previously stated Rm	Adjusted Rm	Restated Rm
For the year ended 30 September 2005	· · · · · · · · · · · · · · · · · · ·		
Profit before tax	1 539,3	(3.0)	1 536,3
Tax	582,4	-	582,4
Net profit	956,9	(3.0)	953,9
Interest of all shareholders	2 026,9	_	2 026,9
The effect thereof was to reduce HEPS by 6	cents from 1 730 cents to	1 724 cents.	

## 12. Segmental analysis

The board of directors of PPC considers the cement operations to be the predominant activity of the company, as a result, no segmental reporting has been included.

## 13. Auditors' review

The auditors, Deloitte & Touche, have issued their opinion on the PPC Group's financial statements for the year ended 30 September 2006. A copy of their unqualified report is available for inspection at the company's registered office.

#### NOTICE OF GENERAL MEETING OF SHAREHOLDERS

Notice is hereby given that a general meeting of the ordinary shareholders and the 6% non-redeemable cumulative preference shareholders of the Company will be held at 180 Katherine Street, Sandton on Friday, 8 June 2007, at 14:00, to consider and, if deemed fit, to pass, with or without modification, the following resolutions:

#### **SPECIAL RESOLUTION NUMBER 1**

"Resolved, as a special resolution, that subject to the provisions of (a) below, the Company be and is hereby authorised to distribute to its ordinary shareholders, *pro-rata* to their respective holdings of ordinary shares in the Company, as an unbundling transaction contemplated in section 46 of the Income Tax Act, 1962 (Act 58 of 1962), as amended, and as permitted by section 90 of the Companies Act, 1973 (Act 61 of 1973), as amended ("the Companies Act"), all of the ordinary shares held by the Company in Pretoria Portland Cement Company Limited (Registration number 1892/000667/06) ("PPC"), upon the terms and subject to the conditions set out in the circular to the Barloworld preference and ordinary shareholders, dated 17 May 2007, to which this notice of general meeting is attached.

(a) If the Corporate Laws Amendment Act, 2006 (Act 24 of 2006) ("the Amendment Act") is not promulgated into an Act of Parliament on or before the date on which the distribution referred to above is implemented, Special Resolution Number 1 will fall away and be of no force and effect."

The reason for and effect of this special resolution, if passed, is to obtain approval for the distribution by the Company of the ordinary shares held by it in the share capital of PPC to the Company's ordinary shareholders, insofar as that approval is required in terms of section 228 of the Companies Act, as amended, on the date on which the Amendment Act comes into operation.

The Amendment Act will, once it comes into operation, amend the provisions of section 228 of the Companies Act, in that a special resolution will be required to dispose of the whole or greater part of the assets of a company. Insofar as the distribution referred to above will have the effect that the Company will dispose of the greater part of its assets, the above resolution will be proposed as a special resolution subject to the condition that if the Amendment Act does not come into operation on or before the date on which the distribution referred to above is implemented, Special Resolution Number 1 will fall away and be of no force and effect.

## **ORDINARY RESOLUTION NUMBER 1**

"Resolved, as an ordinary resolution, that the Company be and is hereby authorised to distribute to its ordinary shareholders *pro-rata* to their respective holdings of ordinary shares in the Company, as an unbundling transaction as contemplated in section 46 of the Income Tax Act, 1962 (Act 58 of 1962), as amended, and as permitted by section 90 of the Companies Act, 1973 (Act 61 of 1973), as amended, all of the ordinary shares held by the Company in Pretoria Portland Cement Company Limited (Registration number 1892/000667/06), upon the terms and subject to the conditions set out in the circular to the Barloworld preference and ordinary shareholders, dated 17 May 2007, to which this notice of general meeting is attached."

## **ORDINARY RESOLUTION NUMBER 2**

"Resolved, as an ordinary resolution, that the Company be and is hereby given, as a general approval, authority to make payments contemplated and as permitted by section 90 of the Companies Act, 1973 (Act 61 of 1973), as amended ("the Companies Act"), to the ordinary shareholders of the Company pro rata to their respective holdings of ordinary shares in the Company, by way of a reduction of the Company's share premium account, upon such terms and conditions and in such amounts as the directors of the Company

may from time to time determine, but subject to the articles of association of the Company, the provisions of the Companies Act and the Listings Requirements of the JSE Limited (Registration number 2005/022939/06) ("JSE"), and provided that:

- this general authority shall only be valid until the Company's next annual general meeting or the expiry
  of a period of 15 (fifteen) months from the date of the passing of this ordinary resolution, whichever is
  earlier;
- (ii) any payment made pursuant to this general authority may not exceed 20% (twenty percent) of the Company's issued share capital, including reserves but excluding minority interests, and re-valuations of assets and intangible assets that are not supported by a valuation by an independent professional expert acceptable to the JSE prepared within the last six months, in any one financial year, measured at the beginning of such financial year."

#### **ORDINARY RESOLUTION NUMBER 3**

"Resolved, as an ordinary resolution, that the Company be and is hereby authorised to amend the provisions of the Barlows 1985 Share Option Scheme (as amended), as follows:

- 1. by the addition of a new definition to read as follows:
  - "1.12 "special dividend" any dividend or distribution declared and paid by the company in respect of an ordinary share which the directors describe as a special, extraordinary or abnormal dividend, including any payment made by the company in respect of an ordinary share which reduces the share premium account of the company.";
- 2. by the insertion of a semi colon and the word "or" at the end of clause 5.4.1, and the addition of a new clause 5.4.2 to read as follows:
  - "5.4.2 a special dividend is declared and paid,";
- 3. by the insertion of a new clause 5.4A to read as follows:
  - "5.4A In the event of a distribution by the company of any shares held by it to its shareholders or any class of them, the directors may in their discretion vary the terms of an option, or award further options to existing option holders by:
    - 5.4A.1 varying the price at which an existing option may be exercised;
    - 5.4A.2 granting rights to option holders to acquire shares in the company the shares of which the company has distributed, at an exercise price to be determined by the directors and upon such other terms as may be determined by the directors;
    - 5.4A.3 granting additional options in the company to option holders at an exercise price to be determined by the directors and upon such other terms as may be determined by the directors,

provided that the terms and conditions of the share purchase scheme and the share option scheme shall apply *mutatis mutandis* to any further options awarded to option holders in terms of this clause 5.4A. Provided further that the company's auditors shall certify that as far as possible in the circumstances, option holders are not prejudiced or given benefits beyond those provided for in the option scheme prior to the unbundling. The directors shall notify the option holders of the variation, which will be binding on the company and on the option holders.""

#### **ORDINARY RESOLUTION NUMBER 4**

"Resolved, as an ordinary resolution, that the Company be and is hereby authorised to amend the provisions of the Barlows 1985 Share Option Scheme (as amended), as follows:

by the addition of a new definition to read as follows:

"1.11 "subsidiary directors" the board of directors of any subsidiary of the company or any committee thereof to whom the powers of such subsidiary's directors in respect of the option scheme are delegated in terms of the subsidiary's articles of association.":

by the addition of the words "or the subsidiary directors (with the approval of the directors)" after the word "directors" in clauses 4.1 (other than in the fourth line of the paragraph below clause 4.1.2 of clause 4.1), 4.2 and 4.11 (but only after the first reference to the word "directors" in clause 4.11)."

#### **ORDINARY RESOLUTION NUMBER 5**

"Resolved, as an ordinary resolution, that the Company be and is hereby authorised to amend the provisions of the Barlows 1979 Share Purchase Scheme (as amended), as follows:

by the deletion of the following words in clause 4(d)(iv):

"Other than on death or becoming a retired employee, provided that in respect of loans granted after 1 October 2003, repayment shall be paid in full within one year after the date of becoming a retired employee.",

and the replacement thereof with the following words:

"other than on death. Provided that the directors, in their sole discretion, may extend the period for repayment of the loan until one year after the date upon which the employee ceased to be an employee.";

by the deletion of clause 4(i) vi which read as follows:

"4(i) vi. if, in terms of 4.11 of the 1985 Option Scheme, the directors determine that an employee shall acquire the shares which are the subject of an exercised option by purchasing those shares from the trust, the trust shall, if so instructed by the directors, subscribe for such number of reserved unissued shares (as referred to in 3(b) i.) at the original purchase price and shall immediately sell those shares to the employee at the same price."

and the replacement thereof with a new clause 4(i) vi. to read as follows:

"vi. If, in terms of 4.11 of the 1985 Option Scheme, the directors determine that an employee shall acquire the shares which are the subject of an exercised option by purchasing those shares from the trust, the trust shall (a) if so instructed by the directors, subscribe for such number of reserved unissued shares (as referred to in 3(b) i.); or (b) if so instructed by the directors, purchase the shares, and shall immediately sell the shares allotted and issued to the trust pursuant to that subscription or purchased by the trust to the employee at the option price. The trustees shall be entitled to protect the trust against any losses which may be incurred pursuant thereto and, without derogation from the aforegoing, shall be entitled to enter into such contracts of hedge or other contracts as the trustees deem necessary in the circumstances.";

by the deletion of clause 6(b), which read as follows:

"6(b) All costs and expenses of the trust and the trustees and of carrying the scheme into effect and any surplus and/or deficit and costs of transfer arising from shares purchased and sold shall be borne by or accrue for the benefit of the company and/or its subsidiaries in such proportions as the trustees in their sole discretion shall determine. All administration, secretarial, accounting and similar services required by the trust shall be provided by the company."

and the replacement thereof with a new clause 6(b) to read as follows:

"(b) All costs and expenses of the trust and the trustees and of carrying the scheme into effect and any surplus and/or deficit and costs of transfer arising from shares purchased and sold shall be borne by or accrue for the benefit of the company and/or its subsidiaries in such proportions as the trustees, acting reasonably, shall determine. All administration, secretarial, accounting and similar services required by the trust shall be provided by the company.""

#### **ORDINARY RESOLUTION NUMBER 6**

"Resolved, as an ordinary resolution, that any director or the secretary of the Company be and is hereby authorised to do all such things and sign all such documents as are necessary to give effect to special resolution number 1 and to give effect to the aforegoing ordinary resolutions."

#### VOTING

The ordinary shareholders of the Company will be entitled to attend the general meeting and to vote on special resolution number 1 and ordinary resolution numbers 1, 2, 3, 4, 5 and 6 set out above. On a show of hands every ordinary shareholder of the Company who is present in person or by proxy at the general meeting will have one vote (irrespective of the number of ordinary shares held in the Company), and on a poll, every ordinary shareholder of the Company will have one vote for every ordinary share held or represented.

The 6% non-redeemable cumulative preference shareholders of the Company will be entitled to attend the general meeting and to vote on special resolution number 1 and ordinary resolution numbers 1 and 2. On a show of hands every 6% non-redeemable cumulative preference shareholder of the Company who is present in person or by proxy at the general meeting will have one vote (irrespective of the number of the 6% non-redeemable cumulative preference shares held in the Company). In terms of section 195(1) of the Companies Act, 1973 (Act 61 of 1973), as amended on a poll, every 6% non-redeemable cumulative preference shareholder of the Company will have forty votes for every 6% non-redeemable cumulative preference share held or represented.

#### **PROXIES**

A Barloworld ordinary shareholder or a Barloworld 6% non-redeemable cumulative preference shareholder entitled to attend and vote at the general meeting may appoint one or more persons as its proxy to attend, speak and vote in its stead. A proxy need not be a shareholder of the Company.

A form of proxy (blue) is attached for the convenience of certificated shareholders and "own name" dematerialised shareholders who are unable to attend the general meeting, but who wish to be represented thereat. In order to be valid, duly completed proxy forms must be received by one of the Company's transfer secretaries, namely Link Market Services South Africa (Proprietary) Limited, 11 Diagonal Street, PO Box 4844, Johannesburg, 2001 Lloyds TSB Registrars (a division of Lloyds TSB Bank plc), The Causeway, Worthing, West Sussex, BN99 6ZL, England or Transfer Secretaries (Proprietary) Limited, Shop 8, Kaiser Krone Centre, Post Street Mall, Windhoek, Namibia, not later than 14:00 (South African time) on Wednesday, 6 June 2007.

Dematerialised shareholders, other than with "own name" registration, who have not been contacted by their Central Securities Depository Participant ("CSDP") or broker with regard to how they wish to cast their votes, should contact their CSDP or broker and instruct their CSDP or broker as to how they wish to cast their votes at the Company's general meeting in order for their CSDP or broker to vote in accordance with such instructions. If such dematerialised shareholders wish to attend the Company's general meeting in person, they must request their CSDP or broker to issue the necessary letter of representation to them. This must be done in terms of the agreement entered into between such dematerialised shareholders and the CSDP or broker.

Insert an "X" in the relevant spaces above according to how you wish your votes to be cast. However, if you wish to cast your votes in respect of a lesser number of preference shares than you own in the Company, insert the number of preference shares held in respect of which you desire to vote (see note 9).

Signed at	on	
Signature(s)	Date	2007
(Authority of signatory to be attached if appl	icable see note 11)	
Assisted by me (where applicable)		

(see note 12)

Each member entitled to attend and vote at the meeting is entitled to appoint one or more proxies (who need not be a member or members of the Company) to attend, speak and vote in place of that member at the general meeting.

Please read the notes and instructions on the reverse side.

#### **NOTES AND INSTRUCTIONS**

#### Notes and instructions on signing and lodging of the general meeting form of proxy:

- 1. A deletion of any printed matter and the completion of any blank spaces need not be signed or initialled. Any alterations must be signed, not initialled.
- 2. The chairman shall be entitled to decline to accept the authority of a signatory:
  - (a) under a power of attorney; or
  - (b) on behalf of a company,

unless the power of attorney or authority is deposited with the Company's transfer secretaries in South Africa, namely Link Market Services South Africa (Proprietary) Limited, 11 Diagonal Street, P O Box 4844, Johannesburg, 2001; the Company's transfer secretaries in the United Kingdom, namely Lloyds TSB Registrars (a division of Lloyds TSB Bank plc), The Causeway, Worthing, West Sussex, BN99 6ZL, England; or the Company's transfer secretaries in Namibia, namely Transfer Secretaries (Proprietary) Limited, Shop 8, Kaiser Krone Centre, Post Street Mall, Windhoek, Namibia, not later than 14:00 (South African time) on Wednesday, 6 June 2007.

- The signatory may insert the name of any person(s) whom the signatory wishes to appoint as his/her proxy in the blank space(s) provided for that purpose.
- 4. When there are joint holders of shares and if more than one such joint holder be present or represented, then the person whose name appears first in the register of members in respect of such shares or his/her proxy, as the case may be, shall alone be entitled to vote in respect thereof.
- 5. The completion and lodging of this form of proxy will not preclude the signatory from attending the general meeting and speaking and voting in person thereat in respect of the relevant resolutions should such person wish to do so, to the exclusion of any proxy appointed in terms hereof.
- 6. If, in the appropriate place on the face of the proxy, there is no indication of how to vote in respect of any resolution the proxy shall be entitled to vote as he/she deems fit in respect of that resolution.
- 7. The chairman of the general meeting may reject or accept any proxy form which is completed other than in accordance with these notes and instructions, provided that, in the event of acceptance, he/she is satisfied as to the manner in which a member wishes to vote.
- 8. If the shareholding is not indicated on the form of proxy, the proxy will be deemed to be authorised to vote the total shareholding registered in the member's name.
- 9. Please insert an X in the relevant space according to how you wish your votes to be cast. However, if you wish to cast your votes in respect of a lesser number of ordinary shares or, as the case may be, preference shares than you own in the Company, insert the number of ordinary shares or, as the case may be, preference shares held in respect of which you wish to vote. Failure to comply with the above will be deemed to authorise the proxy to vote or to abstain from voting at the general meeting as he/she deems fit in respect of all of the ordinary shareholder's votes or, as the case may be, preference shareholder or to abstain from voting at the general meeting. An ordinary shareholder or, as the case may be, a preference shareholder or his/her proxy, but the total of the votes cast in respect of which abstention is recorded may not exceed the total number of votes exercisable by the ordinary shareholder or, as the case may be, the preference shareholder or by his/her proxy.
- 10. A form of proxy sent by electronic medium to the secretary of the Company or any of the transfer secretaries within the time allowed for submission, shall be deemed to constitute an instrument of proxy.
- 11. Documentary evidence establishing the authority of a person signing this form of proxy in a representative capacity must be attached to this form of proxy unless previously recorded by the Company Secretary or waived by the chairman of the general meeting.
- 12. A minor must be assisted by his/her parent or guardian unless the relevant documents establishing his/her legal capacity are produced or have been registered by the Company Secretary.

Barloworld - appointment of Chairman and Deputy Chairman

Barloworld is pleased to announce the appointment of Dumisa Ntsebeza as nonexecutive Chairman and Trevor Munday as non-executive Deputy Chairman of the board of Barloworld Limited. Dumisa was appointed interim Chairman in January and his position has now been made permanent. These appointments take effect immediately.

Dumisa Ntsebeza joined the board of Barloworld in 1999. A lawyer by background, he was admitted as an attorney in 1984. Dumisa served as one of the commissioners on the Truth and Reconciliation Commission and in 2000 entered the Bar and has worked in private practice since then. During 2005, he took silk and on being appointed as Senior Counsel by the State President, he became the first African advocate in the history of the Cape Bar to be conferred the status of silk. He is chairman of the Desmond Tutu Peace Trust and a trustee of the Nelson Mandela Foundation.

Trevor Munday was appointed to the board of Barloworld in January 2007. He was previously Deputy Chief Executive of Sasol Limited and before that Chief Financial Officer of the company. He was Managing Director of Polifin Limited from 1996 to 2000, which at the time was listed on the JSE until the company was acquired by Sasol.

Trevor has extensive business experience having been a director of companies for over twenty years. He was recently appointed to the boards of ABSA Group And ABSA Bank Limited.

The position of deputy chairman has been created recognising the amount of work required to implement the number of announced strategic actions and support for the new executive management team at the company.

Dumisa Ntsebeza said:

"I am honoured that the board, on the recommendation of the selection committee has asked me to become chairman of Barloworld. There is a lot of work to be done to carry this business forward successfully into the future but I have every confidence in the executive team under Clive's leadership that the business will continue to reward all its stakeholders as it has done for so many years in the past. Warren Clewlow, the previous chairman, made an enormous contribution over many years to the company and I hope to be able to follow his example." Trevor Munday said:

"Barloworld is one of the all time great South African companies. I am honoured to be appointed Deputy Chairman and look forward to working with Dumisa and the rest of the board and executive team in helping Barloworld deliver on its commitments to all its stakeholders as a newly focused global distribution business."

DECLARATION OF BARLOWORLD INTERIM DISTRIBUTION

Barloworld shareholders are referred to the unbundling circular dated 17 May 2007. At a shareholder meeting held today, 8 June 2007, the necessary resolution required to effect a payment out of share premium was passed. Pursuant thereto, the Barloworld directors have decided to make a distribution to Barloworld ordinary shareholders of 175 cents per ordinary share held by them, comprising 111 cents out of share premium and a dividend of 64 cents out of distributable reserves.

In compliance with the requirements of Strate, the electronic settlement and custody system used by the JSE Limited, the Company has determined the following salient dates for the payment of the distribution:

Last day to trade cum distribution Shares commence trading ex distribution

Friday, 22 June 2007 Monday, 25 June 2007

Record date

Friday, 29 June 2007

Payment date

Monday, 2 July 2007

Barloworld ordinary shareholders will not be permitted to

dematerialise/rematerialise their shares between Monday, 25 June 2007 and

Friday, 29 June 2007, both days inclusive.

Set out in the table below are the pro forma financial effects of the distribution on the Company's earnings per share ("EPS"), headline earnings per share("HEPS"), net asset value per share("NAV") and tangible net asset value per share("TNAV") , based on the interim results for the six months ended 31 March 2007, had the distribution been made as at 1 October 2006 for income statement purposes or on 31 March 2007 for balance sheet purposes.

The pro forma financial effects have been prepared for illustrative purposes only and, because of their nature, may not give a true reflection of the Company's financial position, changes in equity, results of operations or cash flows. The pro forma financial effects are the responsibility of the Company's directors.

published	Results as adjusted for	Results change the impact of the payment from share	Percentage

RESIGNATION OF DEPUTY CHAIRMAN

The Barloworld board has accepted the decision taken by Mr. Trevor Munday to stand down with immediate effect as Deputy Chairman of Barloworld Limited and understands the reasons for his decision. A copy of the media statement released by Trevor is attached.

Mr. Dumisa Ntsebeza, Chairman of Barloworld Limited, made the following statement on behalf of the board:

"We regret that an unfortunate controversy resulted from the appointment of Mr. Munday as Deputy Chairman of Barloworld. Both Trevor and I have been under considerable strain in the recent while, but I am happy that we all now have emerged from it all with dignity and a determination to forge ahead and unlock value for all our shareholders.

For my part as Chairman of the Board, I respect Trevor's decision for the reasons that he has given. All I wish to say is that in recognition of the skills that Trevor brings to the Company, Trevor will continue to be tremendously useful to me and the Board in several ways. He already chairs the Barloworld Coatings Unbundling Committee as an independent non-executive director. Furthermore, I will be recommending to the Board that he be appointed to one or more Board subcommittees where his various attributes in terms of skill, experience and acumen will add considerable value. The Board and I would now wish to be left alone so that the executive management team can focus their efforts on trading with our leading brands in the market place in the cause of advancing value for all our stakeholders."

FULL TEXT OF THE PRESS STATEMENT BY TREVOR MUNDAY

"On 6 June 2007, Barloworld announced the appointment of Mr Dumisa Ntsebeza as Chairman and me as Deputy Chairman of Barloworld Limited, following a Board meeting at which the recommendations of a Chairman's Succession Committee established by the Board were unanimously approved.

The Public Investment Corporation (PIC), a significant (17%) shareholder of Barloworld, thereafter objected publicly to the appointment of a Deputy Chairman and described it as `racist and patronising` to Mr Ntsebeza. Subsequently, there was substantial public comment on, and media coverage of, this matter.

In my view the selection process was conducted with good intentions, taking due cognizance of the future needs of Barloworld and its stakeholders as the Group embarks on, or accelerates, a number of actions involving significant strategic change.

I understand the transformational role that the PIC has publicly chosen as an agent for change in corporate South Africa. I strongly support and encourage this role although respectfully appeal for the manner in which it is discharged to be more sensitive, and for due cognizance to also be given to relevant experience and skills required of corporate leaders serving the multiplicity of industries making up our economy. It is also important that recognition and respect is shown by such an influential state-associated enterprise for the role

of corporate boards as well as the views and inputs of other shareholders, both locally and overseas, who have equivalent shareholder rights.

From a personal perspective, I have found the publicity and coverage relating to this matter to be dispiriting in a situation that has not been of my own making. I would not have accepted my appointment if I had considered it in any way to be 'racist or patronizing', or if I did not believe that all members of the Board were supportive of the leadership model proposed and the role envisaged for the Deputy Chairman. The Board, which has high-calibre South African and international members with integrity and expertise, clearly believed that the combination of Mr Ntsebeza's and my experience and skills would be complementary and value-adding for the Group.

The Board has met to reflect on the prevailing dilemma and a longer-term process to engage with and address stakeholder expectations of the Group will be initiated. In the short term, however, it has become clear to me that the dilemma is tormenting for all involved and difficult to solve. Accordingly, I consider it incumbent on me to assist in finding a solution.

I have never been driven or motivated by positional authority. Rather, throughout my career, opportunities to contribute and add value have been my priority. Accordingly, I announce that with immediate effect I will stand down as Deputy Chairman of Barloworld Limited. I do so respecting the decision taken by the Board to appoint me and appreciative of the confidence they have shown in me. With the support of shareholders, I will remain on the Board as an independent non executive director.

I wish to emphasize that my decision has neither been requested by the Barloworld Board, nor any member thereof. Indeed, I thank them all, as well as many others from varied constituencies across our country, for their much-appreciated support over the last few weeks. Whilst respectful of it, I have not taken this decision as a result of the PIC's stance as I am fully cognizant of my fiduciary and moral obligations to all stakeholders and, in these unfortunate circumstances, particularly to all the shareholders (and notably minority shareholders) of Barloworld Limited. I assure them that I intend to continue serving their collective interests as a member of the Board to the best of my ability.

I wish Mr Ntsebeza much success in his role as Chairman of Barloworld Limited and trust that stakeholders will put this event behind us and support CEO Clive Thomson and his executive team going forward."
